JOSEPH A. SIZOO
6/70

This employee entered on duty 7/10/35 as a Messenger in the Chief Clerk's Office in Grade CU-3, \$1200 per annum and advanced to the position of Supervisor of the Movement Section in Grade CAF-4, \$1800 per annum. His services during this time were entirely satisfactory.

On 11/1/38 he was appointed a Special Agent, and at the conclusion of his training period Mr. Clegg said he occasionally gave the impression that he thought he was pretty good and it was believed that he was right in his conclusion, he occasionally made a rather youthful appearance yet he expressed himself exceptionally well, was courteous and rather self-sufficient, and he would probably require less than average supervision for a new Agent.

On 2/5/39 he was assigned to Detroit. SAC Bugas said he had developed very satisfactorily, he went about his work efficiently and his work required possibly less than the supervision ordinarily necessary for a new Agent, his dictation was much above the average for a new Agent, at first he showed a tendency to report rather incompletely, however, he was now reporting fully and completely and well, he had a rather youthful appearance of which it was believed he was over-conscious and possibly hampered him somewhat in his work, he possibly lacked confidence that he should have in pursuing his investigations, and he was considered an increasingly valuable employee.

On 5/7/39 he was transferred to Huntington. On 7/1/39 he was increased to \$3300 per annum in Grade CAF-9. SAC Warnes said he had worked on practically all phases of the Bureau's work, he had good judgment, had considerable force, was very industrious, planned his work, he paid close attention to details, perhaps a little bit more than was necessary although he had shown marked improvement in that regard and appeared to confine his work to the essential phases of his cases, he presented an excellent appearance, at first he appeared to be rather reserved and perhaps a little stiff, however, he loosened up and exhibited a more congenial and confident attitude and a more pleasing personality with particular reference to his meeting outsiders, he had shown marked improvement in that regard, and it was believed with additional training he would develop, particularly along the lines of a supervisory official.

On 12/17/39 he was transferred to New York (NDS). On 2/2/40 Mr. Foxworth said he had been engaged in the investigation of espionage and related cases, he appeared to be intelligent, his investigations had been handled satisfactorily, his paper work was good, his reports required very little supervision, he was rather quiet and unassuming, was business-like, and it was believed that he possessed good prospects for future development in the Bureau. On 5/1/40 Mr. Foxworth commented along the lines of the above efficiency report. On 6/16/40 he was promoted to \$3400 per annum in Grade CAF-9. On 1/6/41 Mr. Connelley said he was a good Agent of better than average ability, he had been engaged to a great extent in conducting surveillances, plants, and investigation in the Ducase, his work had been entirely satisfactory, and he had applied himself with interest to his work. On 2/16/41 he was reallocated to Grade CAF-10, \$3500 per annum.

On 7/11/41 Mr. Donegan said he was enthusiastically interested in his assignments, he had taken part in a number of difficult surveillances on which he had shown good judgment, initiative, and the ability to assume responsibility, he was classified as a better than average Agent and it was believed that he would continue to develop in the Bureau. Mr. Donegan recommended that he be advanced to CAF-11, \$3800 per annum. On 8/1/41 he was reallocated to Grade CAF-11, \$3800 per annum. On 10/30/41 Mr. Foxworth said he had shown himself to be well qualified from an investigative standpoint and his paper work had been very good, he had a good knowledge of the Bureau's work, possessed initiative and originality, he used good judgment and his work required a minimum amount of

supervision, and he created a good impression as a representative of the Bureau. On 11/16/41 he was reallocated to Grade CAF-12, \$4600 per annum. By letter dated 12/19/41 the Director commended this Agent for his work in the Ducase. He was again commended by the Director on 3/21/42 for the work he did in connection with the investigation of the Kurt Frederick Ludwig Case.

On 3/31/42 Mr. Foxworth rated him as VERY GOOD and said he had been engaged in conducting investigations exclusively in national defense matters; he handled any matters assigned to him with more than the average amount of thoroughness and exhibited good judgment in his investigations, he had shown considerable resourcefulness and required but a minimum amount of supervision, and he was classed as a very good Agent with very definite indications of developing along administrative lines. Mr. Rogers interviewed this Agent during In-Service Training School in March and April, 1942, and said he made a very neat presentable appearance, seemed to be intelligent and he was definitely interested in his work in New York, he expressed himself well and gave the impression of definitely having supervisory and administrative ability. In the transfer efficiency report Mr. Foxworth commented along the lines of the annual report.

On 6/15/42 he was transferred to the Security Division at the Seat of Government. On 8/1/42 Mr. Mumford rated him as GOOD and said he had been engaged in investigative supervisory duties, he was intelligent, had shown an ability to grasp his new duties and a desire to be of the maximum service, and it was believed that with additional experience he would develop into a better than average supervisor. By letter dated 12/4/42 he was censured for his failure to properly handle correspondence before initialing it for file.

b6

On 3/31/43 Mr. Welch rated him as EXCELLENT and said he was considerably above average in intelligence, he had a sufficient amount of self-confidence and met people with complete ease, his production was considerably above average, he exercised resourcefulness and initiative, he did not hesitate to accept responsibilities and make decisions, his progress as a Supervisor had been outstanding, and it was believed that he possessed some administrative qualifications. By letter dated 6/7/43 he was commended for the work he performed in connection with the prosecution of [redacted]. In January, 1944, Mr. Ladd submitted this Agent's name for consideration for Special SAC training. This Agent has submitted several suggestions some of which have been adopted by the Bureau.

On 3/31/44 Mr. Buckley rated him as EXCELLENT and said his work had been consistently above average, he was definitely above average in intelligence, aggressiveness, appearance and personality, he had been acting as liaison in a special capacity with Special Assistant O. John Rogge of the Department in connection with the case of the U.S. vs. [redacted], et al. which involved thirty persons charged with conspiracy to commit sedition, his handling of that work had been very commendable and satisfactory, and there was no question but that he possessed administrative qualifications.

In a memorandum dated 5-29-44 Mr. Hendon recommended that he be transferred to Springfield as Assistant Special Agent in Charge, however, this transfer was not effected due to his connection with the Sedition Trial Case.

On 7-1-44 he received a two hundred dollar increase in salary in Grade CAF-12 in connection with the Uniform Promotion Act. On 7-8-44 Mr. Clegg stated he had attended the Inspector's School held in July, 1944 and advised he was qualified to assist in field office inspections

In a memorandum dated 7-31-44, Mr. Sloan stated in connection with his Administrative Firearms Training that he had a good mechanical knowledge of Bureau firearms, had the ability to handle these firearms sufficiently well to demonstrate them to Agents in the Field and with experience, he should develop into a good firearms instructor and it was recommended that he be authorized to conduct Firearms Training in the Field. b6

By letter dated 1-9-45, the Director commended him for the exemplary manner in which he performed his duties in supervising and handling numerous leads and many investigative problems in connection with the case entitled "[redacted] w.a., et al, Sedition".

On 3-31-45, Mr. Strickland rated him EXCELLENT and stated he had confidence in himself, had discharged his duties in an excellent and outstanding fashion, was above average in initiative and his work was definitely above average, he had acted as liaison with Special Assistant O. John Rogge of the Department in the Sedition Case and had performed these duties in a very commendable manner, had performed administrative work and it was believed he possessed qualifications for a higher administrative position.

Mr. Hince interviewed him during Major Case School in March and April, 1945, and advised he made an excellent appearance, was able to handle himself in an above average manner during an interview, he was intelligent, alert, active and purposeful in investigative work, he was considered as an outstanding investigator, he was qualified as a General Investigator on a Major Case Squad and it was believed he had supervisory ability. STATUS: EXCELLENT. Mr. Connelley said he would be a satisfactory, capable employee for this type of assignment.

In a memorandum dated 4-28-45, Mr. Hendon recommended that he be designated as Assistant Special Agent in Charge at Memphis, Tennessee. During an inspection of the Security Division in April and May, 1945, the Inspector, (J. P. Mohr) advised he made a very good personal appearance, had an excellent personality, was affable, tactful, well poised, and an excellent conversationalist, he had an excellent knowledge of the work of the Security Section, was possessed of a considerable amount of supervisory and administrative ability and he made an excellent impression during an interview.

On 5-26-45 the Director saw this Agent and advised he made a very good personal appearance, seemed to be intensely interested in the work and was believed to be above average.

On 5-30-45, Mr. Strickland rated him EXCELLENT and stated he had performed his duties in a very commendable manner, was above average in intelligence, alert, carried out his assignments promptly and his work had been far above average, he was loyal, dependable and definitely possessed the qualifications for administrative work. On 6-1-45 he was designated as Assistant Special Agent in Charge of the Memphis, Tennessee Office.

As a result of the basic increase in pay effective 7-1-45, his salary was increased to \$5390 per annum in Grade CAF-12.

By letter dated 7-7-45 he was congratulated by the Director upon his Tenth Anniversary in the Bureau and was awarded the Ten Year Service Award Key. By letter dated 12-7-45 he was advised that his salary was being increased from \$5390 per annum to \$5600 per annum in Grade CAF 12 under the provisions of the Uniform Promotion Act effective January 14, 1946.

On 12-29-45 Mr. Connelley said he had assisted in the inspection of the Cleveland office and it was believed he was a desirable employee to assist on this type of work. On 1-4-46 Mr. Naughten advised he had assisted in the inspection of the Chicago office and was considered to be fully qualified to aid in any phase of inspections.

On 2-1-46 he was transferred to the Technical Laboratory as Supervisor of the Document Section and on his transfer efficiency report SAC Hostetter rated him EXCELLENT and said he possessed an excellent knowledge of Bureau policy, procedure and regulations, his judgment was sound, he had the ability to quickly recognize those situations which presented possibilities of embarrassment to the Bureau, he worked hard, had great enthusiasm and experienced no difficulty in instilling the same type of enthusiasm in subordinates, he possessed constructive imagination, was well liked by the employees of the office and it was believed he would experience no difficulty in handling personnel who were under his supervision, he was anxious to accept added responsibilities and handled those matters which were delegated to him in an excellent fashion, he possessed considerable administrative ability, he handled contact work in an excellent manner, he had an excellent attitude toward the Bureau and his work, it was felt certain that he possessed both administrative and executive ability and would experience no difficulty in satisfactorily handling the responsibilities of an SAC.

On 2-13-46 he was under consideration for a meritorious promotion, however, it was recommended by Mr. Glavin that it be held in abeyance until the 60-day report covering his performance of duty was secured. On 3/31/46, Mr. Harbo rated him EXCELLENT.

On 4-5-46 Mr. Harbo rated him EXCELLENT and said he reported to the Laboratory on 2-1-46 and had been in charge of the Document Section since that date, he had applied himself diligently, worked a substantial amount of overtime, was aggressive in handling his duties, was alert, had demonstrated resourcefulness, made a very good appearance, got along well with employees, had their respect, had made much better than average progress in becoming acquainted with the functions of the Document Section and in handling his duties as head of that Section and his performance was quite satisfactory. Mr. Harbo recommended in view of his very satisfactory performance that he be promoted to grade CAF 13. On 7/1/46, he was reallocated to grade CAF-13.

RECORD IN GRADE CAF-13, \$6230: On 7/1/46, his salary was increased to \$7102.20 per annum due to an increase in basic pay.

On 3/31/47, Mr. Harbo rated him EXCELLENT and said he had shown unusually good progress in mastering the details of the operation of the Document Section, was well liked and respected by the employees and the morale of the Section was high. Under his administration, several projects for the streamlining of operations had been developed and completed with the result that the same volume of work was being handled with fewer personnel. He made an excellent appearance, combined good judgment, enthusiasm and a friendly personality, was aggressive and had done an outstanding piece of work in supervising the Document Section.

By letter dated 6/3/47, he was commended for the very favorable comments received concerning the excellent manner in which he lectured at the convention of the Texas Police Association and the Texas Sheriffs Association. He assisted Mr. Gurnea in the inspection of the New York Office in November, 1947, and was said to be thoroughly qualified to assist during any inspection. On 1/11/48, he was afforded a UPA promotion to \$7341.60 per annum.

On 3/31/48, Mr. Harbo rated him EXCELLENT and advised that the work of the Document Section had been handled very capable under his supervision, he was a creditable Bureau representative and was a capable Bureau administrator with considerable field experience. This enabled him

to furnish the type of supervision which caused the individual examiners to constantly keep in mind the problem of field agents when examinations and reports thereon were made and submitted to the field. He was enthusiastic and energetic and had continued doing a very fine job in handling the Document Section. On 7-11-48 he received a basic salary increase to \$7671.60 per annum.

On 9-13-48 Mr. Parsons recommended that Agent Sizoo be reallocated to CAF-14 and pointed out that he recommended him not only because it was believed he was deserving because of his outstanding Bureau service and the abilities the Bureau desires of the higher officials, but also because it was believed it was warranted by the position he holds which requires the administration of a unit of the Bureau comparable to and having responsibilities equal to a medium-sized field office. However, no action was taken at that time.

On 12-9-48 Mr. Harbo was instructed by the Bureau to commend this agent and several others for their work in the handling of a highly confidential assignment pertaining to the national defense.

On 3-31-49 Mr. Harbo rated him EXCELLENT and said with a reduced personnel, the Document Section during the past twelve months, handled an increased volume of work, including many examinations in Loyalty cases which were all given expedite attention, as well as many other expedite matters. This section handled an unusually large volume of document examinations in the Hiss-Chambers case and also in the Judith Coplon case with very satisfactory results. The administration of the Document Section under Mr. Sizoo had continued to be of a very high caliber. He maintained a good liaison with the General Investigative Division and the Security Investigative Division, which divisions were directly concerned with the results of the examinations in many of the cases handled. He was well liked by the personnel of his section, was a qualified inspection aide and bureau speaker and his performance during the rating period had been very satisfactory.

In March, 1949, during an inspection of the Technical Laboratory, Mr. Clegg advised he was above average in judgment and ability, he had good ability to analyze facts and was spoken of most favorably by his subordinates. They considered him to be competent and one of the technicians advised that he was the best qualified man who had served as Chief of the Document Section. Although he was somewhat short of stature, he was impressive, had a keen intellect and it was believed he had a great deal of administrative ability.

On 7-19-49 Mr. Harbo recommended that he be reallocated to CAF-14 on the field rolls. He stated that he had done an outstanding job as Chief of the Document Section, had shown unusual ability not only in organizing the work but also in keeping the large volume of work flowing smoothly. He stood well above his predecessors in his ability to handle personnel. Under his supervision in the Document Section are 22 Special Agents, 17 non-Agent technicians and 21 clerical employees. Including Mr. Sizoo, the personnel totals 61. This included three Special Agents other than Mr. Sizoo who are in P-6 (CAF-13). The majority of the work in the Document Section consists in the handling of evidence in Bureau cases, both criminal cases and security matters. With a reduced personnel, this section has, during the past year handled an increased volume of work including many examinations in Loyalty cases which are given expedite attention as well as many other expedite matters. He maintained good liaison with the General Investigative Division and the Security

Investigative Division. He was well liked and respected by the personnel of his section and had demonstrated real qualities of leadership. Of the four sections of the Laboratory the chiefs of the Physics and Chemistry Section and the Radio and Electrical Section are already in Grade P-7 (CAF-14). The Document Section is the largest in the Laboratory and the responsibilities of the Section Chief are such as to warrant reallocation to CAF-14.

On 7/24/49 he received a Uniform Promotion to \$7911.00 per annum in CAF-13.

With regard to the recommendation for reallocation to CAF-14 for Agent Sizoo, Mr. H. L. Edwards advised by memorandum dated 9/27/49 that he had contacted the Civil Service Commission and informally presented Mr. Sizoo's position to them, following which the position was audited by the Commission, and the Bureau submitted through the Department its formal job description to the Classification Unit of the Commission. The results of the Bureau's request for reclassification of Mr. Sizoo's position is presently pending at the Commission. Further, it is to be noted that the auditor felt the job was slightly weaker than the CAF-14 requested in that the administrative responsibilities did not measure up to Grade CAF-14; however, arrangements were made for the Bureau to be notified in advance if the request is to be turned down, so that an opportunity will be had to present any additional material desired.

By letter dated 10-5-49, the Director expressed his personal appreciation for Agent Sizoo's cooperation during the recent reunion of the FBI National Academy Associates.

With regard to the reallocation to CAF-14 for Agent Sizoo, Mr. H. L. Edwards advised by memorandum dated 10-25-49 that Mr. Williamson, Chief of the Justice Department Unit of the Civil Service Commission's Classification Section, contacted him and informed him that his assistant, J. D. Glasheen, had carefully reviewed this position and had submitted a memorandum concluding that the position should be in CAF-13 rather than CAF-14. A review of the report indicated that since Agent Sizoo's position was non-technical and and since Mr. Harbo's position was also non-technical and administrative in responsibility, the Commission could not see that the Sizoo position was only one grade below Mr. Harbo's CAF-15, particularly because Agent Sizoo had responsibility primarily only for one section of the entire Laboratory. He also pointed out that the most important aspect of Agent Sizoo's position and the one on which the grade must be based was the fact that he was responsible for direction of criminal investigations or phases of criminal investigations where document identification was involved, and this responsibility fell at the CAF-13 rather than CAF-14 level.

As the result of a basic salary increase effective 10-30-49, his salary was increased to \$8000 per annum in Grade GS-13.

On 12-23-49 Mr. Harbo rated him EXCELLENT and stated that during the period covered by this report, Agent Sizoo had served as Chief of the Document Section of the Laboratory and had continued to perform in an outstanding manner.

On 12-27-49 he was transferred to the Training and Inspection Division.

On 2-27-50 Inspector McCabe rated him EXCELLENT, and stated during the period covered by this report, he had received instruction in conducting surveys and inspections at the Seat of Government and had been assigned to do some survey work. He presented a neat personal appearance and had a pleasing personality. He appeared to be alert and intelligent and Mr. McCabe had been very well pleased with his performance since his assignment to the Training and Inspection Division.

He attended an In-Service Training Course at the Seat of Government from March 20 to March 31, 1950.

On 3-31-50 Inspector McCabe rated him EXCELLENT and stated from the beginning of the rating period until he reported to the Training and Inspection Division on 12-27-49, he was Chief of the Document Section of the FBI Laboratory where he performed his duties in an outstanding manner. Since his assignment to the Training and Inspection Division, he had received instruction in conducting surveys and inspections at the Seat of Government, and he had already participated in some survey work. He was alert and intelligent, and it was believed that he possessed the necessary qualifications to do an outstanding job in his present assignment.

By memorandum dated 6-23-50 Mr. H. B. Long advised the Bureau that Agent Sizoo participated in various phases of the inspection of the Administrative Division from April 17 to June 20, 1950. Mr. Long stated that Agent Sizoo together with another Agent, handled the inspection of the Personnel Section and in addition, Agent Sizoo made inquiry into an alleged personnel problem in the Payroll Preparation Unit of the Budget and Accounting Section. This personnel problem consumed considerable time and was a difficult problem to handle. Agent Sizoo was very objective in his approach to matters, sought facts and was governed by them. He displayed considerable interest and enthusiasm in the work and in addition, he prepared the summary report for the Personnel Section. It was believed he did an excellent job.

On 7-24-50 Mr. H. H. Clegg advised that Agent Sizoo assisted Mr. Naughten during the recent inspection at Miami. It was observed that he applied himself seriously and to excellent advantage. He maintained an entirely constructive and impersonal attitude throughout the inspection, giving evidence of an ability to analyze a situation and to arrive at a realistic conclusion. His judgment was found to be above average in the handling of assignments given him. Immediately following the Miami inspection he proceeded to Birmingham to conduct his own inspection there. It was believed that he was competent to handle assignments of this type.

On 8-2-50 the SAC of the Birmingham Office advised that Agent Sizoo had just completed an inspection of that office. This inspection was conducted by Sizoo in a most thorough manner, he was very fair but still conscientious and contributed a considerable help to the SAC and to the administration of the office. Sizoo and his aides conducted a very businesslike inspection without affecting the normal operation of the office, and he indicated to the SAC that he had a thorough knowledge of his work and was well organized.

On 8-15-50 he was transferred to Mr. Tolson's Office.

On 10-4-50 Mr. Mohr advised that a telephone call had been received from the Philadelphia Office at 8:40 p.m. on 10-3-50 to the effect that Baseball Commissioner A. B. Chandler had called the Philadelphia Office and requested that the Director phone him. A memorandum regarding the call from Philadelphia was prepared by the Security Division and a carbon copy of this memorandum was received in the Director's Office at 10:37 a.m. on 10-4-50. The Director made inquiry as to where the original of the memorandum was, why it took until 10:37 a.m. for him to receive a copy of the memorandum and why he did not receive the original shortly after 9:00 a.m. An inquiry was conducted and it was ascertained that the memorandum was not transcribed in the Security Division until between 10:00 and 10:30 a.m. on 10-4-50 and that the original was stamped in Mr. Sizoo's office at 11:20 a.m. A copy had previously been stamped in the Director's office at 10:37 a.m. Mr. Sizoo stated that after he came out of the Executives Conference that morning, he checked all mail on his desk with special tags, handled it and then went to lunch in accordance with his usual custom. Upon his return from lunch, he handled the non-special mail on his desk in a routine manner and it was his recollection that there was no special tag on the original of this memorandum but that he placed one on it and routed it immediately to Mr. Tolson. It was stamped in Mr. Tolson's Office at 3:04 p.m. on 10-4-50. Mr. Tolson noted that this was not handled properly by Sizoo and that Mr. Sizoo would be so advised. The Director agreed with this observation.

By letter dated 11-16-50 he was censured and advised the Bureau's attention had been directed to the fact that he recently approved for transmittal to the Department of Justice a memorandum concerning Dr. Kathryn McHale which failed to include available public source information from the files of the Bureau which information he had been made aware of by separate memorandum. The information from public sources should have been furnished to the Department under the rules of the Bureau and was pertinent to the subject of the Department's inquiry. In addition, it had been noted by the Bureau that the memorandum which he approved for transmittal contained a statement that no derogatory information identifiable with Dr. McHale was contained in the Bureau files whereas it appeared that the public source information then available was not only pertinent information concerning Dr. McHale but was of a derogatory nature.

On 10/2/51 Mr. Mohr advised Mr. Tolson that during Sizoo's assignment to Mr. Tolson's office it was felt he made a very worthwhile contribution to the work of the Bureau and Mr. Mohr was particularly impressed by his aptitude in handling all of the various phases of the work in Mr. Tolson's office. Sizoo had an excellent background and knowledge of the Bureau's policies and procedures and demonstrated above average ability in applying this knowledge and aptitude in the work of the office. Mr. Mohr felt he was possessed of considerable executive ability and should be considered for future executive positions in the Bureau.

On 10/26/51 Mr. Nichols rated him SATISFACTORY and said that Sizoo took over the duties as Inspector in Charge of the Records Section at a very difficult time and his good judgment and calmness had an immediate stabilizing effect in the Records Section. He had considerable enthusiasm, a good personality, and the ability to quickly assimilate detail and get to the heart of the problems. He had a good analytical mind and the industry which was needed to make his presence felt. It was believed he had given leadership to the supervisory staff in the Records Section and had turned in an excellent performance since his assignment. He put in considerable overtime and was always willing to do more.

During an inspection of the Records Section in November, 1951, Inspector Harbo said he was well above average in intelligence, alertness, and enthusiasm. He had applied himself very diligently to the reorganization of the Records Section and the strengthening of weak spots. There was much yet to be done but he was making good progress.

The Director saw him on 1/22/52 and discussed generally his (Director's) views concerning the making of Bureau inspections; the need for absolute objectivity and impartiality; and the necessity of having a tight and firm administration of all divisions in the field and at the Seat of Government.

Inspector Harbo said he had been previously assigned to the Training and Inspection Division as an Inspector, and was well qualified for this assignment.

On 3-31-52 Mr. Clegg rated him SATISFACTORY and said he considered Mr. Sizoo to be outstanding in judgment, soundness of thinking and procedure, loyalty, in energy and the application of his energies in a vigorous manner. He was self-confident, he got things done without bombast or excitement, and he stimulated cooperativeness on the part of personnel. He possessed splendid qualities of leadership, he was learning the various duties of his position rapidly, he was studious and was able to make a good evaluation of problems and facts presented to him.

His overtime for March, 1952 was 2 hours 20 minutes which included travel overtime.

He attended In-Service training from 4-7-52 to 4-18-52.

On 12/12/52 he was transferred to the Director's Office as an Inspector. On his transfer report Mr. Clegg rated him SATISFACTORY and said he had performed admirably under all circumstances. Mr. Clegg considered him to be outstanding in judgment, soundness of thinking, knowledge of procedures, loyalty, energy and in general application to his responsibilities and he got things done quickly, quietly and well. He possessed splendid qualities of leadership and was well fitted to serve in an executive capacity and he did a very fine job in all respects as Chief of the Training Section and he utilized his wide and broad experience at the Seat of Government in various capacities to good advantage in discharging his responsibilities in that division. In addition to his service as Chief of the Training Section, he had participated in several inquiries and he had also inspected the Little Rock Field Office as Inspector-in-Charge and in each of these capacities his services were outstanding. Mr. Clegg was well pleased with the performance of Mr. Sizoo in that division and considered him an outstanding young gentleman of admirable traits and exceptional ability.

On 3/31/53 Mr. Holloman rated him SATISFACTORY and said he had quickly assimilated the duties in his position and had very rapidly developed. He had performed his duties in a highly satisfactory manner and had

displayed good judgment in connection therewith. He had exhibited initiative and resourcefulness and had made several suggestions for the improvement of the work in the Director's Office. He had been found to be a very conscientious and industrious individual and had consistently stayed late at night in order to get the job done without any thought to personal considerations. Mr. Holloman thought he was outstanding in judgment and his extensive experience in the Bureau highly qualified him for his present duties. Mr. Holloman thought that he had the necessary qualifications to perform satisfactorily as a Special Agent in Charge at this time and would so recommend him.

His daily average overtime for April, 1953 was 4 hours 7 minutes.

By letter dated 8/3/53 the Director advised he should report to Assistant Director Hugh H. Clegg of the Training and Inspection Division for assignment as Inspector in Charge of the Training Section. The Director advised that during his period of assignment in the Director's office he had performed his duties in a highly satisfactory manner. However, as Mr. Sizoo knew it had been necessary to reduce the Director's office staff and it was for this reason this reassignment was being made. The Director appreciated very much the excellent manner in which Mr. Sizoo had performed his duties while assigned to the Director's Office. On 9/8/53 he reported to the Training and Inspection Division and assumed the duties of Inspector in Charge of the Training Section.

On 9/9/53 the Director saw Inspector Sizoo who was transferred from the Director's Office to the Training and Inspection Division and who was now being designated to take the place of Mr. Laughlin in the Domestic Intelligence Division. He seemed to be intensely interested in his work and had an excellent attitude. The Director discussed with him the necessity for tightening up in the administration of the Bureau and for bringing about a basic improvement in the supervisory staffs of the Bureau, particularly in the Domestic Intelligence Division to which he was now being assigned.

On 9/15/53 he was transferred to the Domestic Intelligence Division to serve as Inspector in Charge of the Internal Security - Liaison Branch of the Domestic Intelligence Division.

On 10/25/53 he received a Uniform Promotion to \$11,050 per annum in GS-15.

On 11/16/53 Mr. Belmont rated him SATISFACTORY and said he had taken hold in a very satisfactory manner, he had shown above-average interest and industry in assimilating his new duties. He had had no difficulty in understanding the problems involved and had been able to keep the work flowing and keep his desk up to date. This was no doubt due in some part to the fact that he had a thorough knowledge of Bureau policy and through the previous positions he had held in the Bureau had come into close contact

with the work of the Division. His progress in this position had been rapid and Mr. Belmont had no doubt that he would handle the job in a very capable fashion.

By letter dated 11-20-53 APPRECIATION was expressed to him for his note of November 18 concerning the Directors testimony before the Jenner Committee.

By memorandum dated 1-14-54 Mr. Sizoo advised that in connection with Mr. Tolson's inquiry concerning the telephone call he (Sizoo) received from Supervisor Connors of Boston, that this phone call dealt with the question of whether or not we should identify to the Massachusetts Commission to Investigate Communism in Boston two security informants of the Bureau. There were some developments which Boston wanted to make available to the Bureau and the Bureau was requested to consider Boston's recommendation that the Counsel of the Commission be advised of the fact that these informants were cooperating with the Bureau. It was considered desirable to query Boston to some degree in connection with this matter to be sure that all alternatives had been considered and, in that connection, it was necessary to also discuss the matter with SAC Kelly, who conducted further discussions with the interested Agents in Boston, and alternative action was taken. Mr. Tolson noted "It took a long time over long distance. T."

By letter dated 3-3-54 he was advised of his election to the Board of Directors of the Special Agents Mutual Benefit Association for the ensuing year.

By letter dated 3-12-54 he was CENSURED inasmuch as he initialed an outgoing letter addressed to the Knoxville Office on 6-4-52, while he was the Inspector In Charge of the Training Section of the Training and Inspection Division. He also initialed the document for the Assistant Director in charge of the Division. He failed to insist that the Knoxville Office comply with existing Bureau regulations relative to the furnishing of certain types of training to auxiliary police officers. He permitted the Knoxville Office to make a commitment to provide training for auxiliary police without having first secured Bureau permission. He neglected to challenge this action on the part of the Knoxville Division. Consequently, the Knoxville Office followed the precedent which he permitted and ultimately a situation arose causing embarrassment to the Bureau.

On 3-31-54 Mr. Belmont rated him SATISFACTORY and said he had carried out his duties in the Director's Office and the Training and Inspection Division in a very acceptable manner. In September, 1953 he assumed his present duties. He had had a great deal of experience in various phases of the Bureau's work and was thoroughly grounded in Bureau policy. He was alert, highly industrious, handled a large volume of work, and had the knowledge and quickness of mind which enabled him to arrive at sound decisions on the many problems which faced him daily. He was very willing and accepted responsibility readily. He had demonstrated frequently that he was very loyal to the Bureau. He was a hard-working, capable Bureau executive, was a distinct asset to the Domestic Intelligence Division and was capable of further advancement. He was available for special and general assignment.

During an Inspection of the Domestic Intelligence Division in April, 1954 Inspector Van Pelt said he was quite experienced, was very intelligent, and seemed to be most enthusiastic, diligent, and capable. He advised he was available and had no personal problems.

On 5-17-54 he was advised effective immediately, he was designated as Inspector, assigned to the office of the Associate Director, Mr. Tolson. On 6-1-54 he reported to Mr. Tolson's Office for assignment, replacing Inspector John P. Mohr.

By letter dated 5-21-54 he was CENSURED as a result of an inquiry into the reasons for the unwarranted delay on the part of the Domestic Intelligence Division in handling and answering an urgent teletype of 4-30-54, from the Detroit Division regarding the possibility that three security informants might be called before a Congressional Committee, ^{which} had disclosed that the incoming communication was brought to his attention shortly after 1:00 P.M. on May 1, and although the teletype indicated that the hearings in Detroit were scheduled to begin on 5-3-54, and an expeditious reply had been requested, the teletype did not reach the Internal Security Section where it was to be handled until the morning of Monday, 5-3-54.

By letter dated 5-25-54, Mr. Sizoo was advised that the Director was pleased to receive numerous comments on the Vesper Service Sunday afternoon. The Director was very much interested to learn of Mr. Sizoo's own contributions as advisor to the committee, and the Director wanted to express his commendation for the splendid manner in which this was handled.

By letter dated 7-10-54 the Director congratulated him upon completion of his nineteenth year as a member of the Bureau.

By letter dated 2-23-55 he was CENSURED inasmuch as it had been noted during an inquiry with respect to the improper method by which amended pages were being substituted in FBI investigative reports already in the files of the Department of Justice that he approved certain instructions which were sent to the field following the recanting by former confidential informant Harvey Matusow of his testimony in a number of cases. At the time he approved these instructions he apparently gave no thought to the fact that the procedure being followed in disseminating amended pages of reports could cause the Bureau serious embarrassment. There was no question but that he should have recognized this problem and seen to it that action was taken to correct the method of disseminating the changes, and a procedure adopted which would have given no basis for possible embarrassment to the Bureau.

On 3-13-55 he received a Basic Increase to \$12,900 per annum in GS-16.

On 3-31-55 Mr. Tolson rated him SATISFACTORY.

By letter dated 5-26-55 he was CENSURED inasmuch as it had been noted that he reviewed and approved a letter addressed to [redacted] under date of 5-20-55 and this letter did not mention the fact that the Director had talked to Congressman John J. Rooney concerning a certain matter although the Director had instructed that this information be included in the letter to [redacted]. This entire matter had been atrociously handled and his failure to insure that the Director's instructions were carried out was most serious.

On 6-5-55 he received a Uniform Promotion to \$13,115 per annum in GS-16.

By memorandum dated 6-14-55 Mr. Sizoo advised that he had been asked to serve as Vice President of the Cove Point Beach Citizens' Association, this association primarily being for the purpose of handling certain housekeeping functions for this small beach colony which was located on the Chesapeake Bay. On 7-10-55 he received his Twenty-Year Service Award Key. This was personally presented to him by the Director.

On 8-25-55 he was transferred to the Domestic Intelligence Division, as Inspector in Charge of the Internal Security - Liaison Branch.

Memorandum dated 9-2-55 reflected that authority was granted for him to classify, declassify, upgrade or downgrade defense information in his present capacity as Inspector in Charge of the Internal Security - Liaison Branch, Domestic Intelligence Division.

On 9-7-55 the Director saw Mr. Sizoo and advised him that his new duties in the Internal Security - Liaison Branch of the Domestic Intelligence Division were a very great challenge to his capabilities. He was advised it was imperative that he start out with requiring his supervising staff to measure up to their responsibilities, as they would be held strictly accountable for the same. The Director indicated to Mr. Sizoo that he had not been completely satisfied with the operations of the Domestic Intelligence Division, and it was for this reason he had made the change and placed him in the position which he now held. The Director stressed to him the importance of checking over personnel under his supervision and making certain that each one is qualified to handle his assignments. The Bureau could not allow sentiment or emotion to enter into retention at Washington of personnel who might not be able to deliver the work in the manner it should be delivered. Further the Bureau was judged not by its good intentions but by its results, and that, in turn, we had to judge personnel accordingly. The Director also told him he should promptly make certain that Chief Supervisors Baumgardner and Roach, as well as the new Chief Supervisor Bland, were qualified for the work which they were doing. The Director indicated he had no question as to their technical ability, but he did have a question as to their executive capability to demand and get from their subordinates the proper attention to the assignments made. Mr. Sizoo indicated he thoroughly recognized the importance of the assignment and intended to do the very best he could in handling it in the manner the Bureau desired.

On 3-31-56 Mr. Belmont rated him SATISFACTORY and stated this agent's judgment and over-all application to his duties were definitely above average. He was particularly good at getting things done without delay--took hold of a problem and stayed with it until he got the answer. He handled a large volume of work. He worked very well as part of a team effort and reached out to take responsibility instead of trying to avoid it. He was thoroughly loyal to the Bureau, was alert and took the initiative rather than waiting for instructions; consequently, he needed a minimum of supervision. He represented the Bureau as an Alternate on a highly important security committee of the Government. He was constantly required to analyze and evaluate the handling of informants during his daily work. He was well qualified. By letter dated 7-23-56 he was CENSURED inasmuch as a brief recently prepared for the Director's use in connection with the practice emergency evacuation of Washington failed to include certain vital information. This omission was caused by an error of judgment on the part of an employee who was under his supervision and who did not consult him concerning the inclusion or omission of the data in question. It was apparent, therefore, that his supervision of this very important project was inadequate.

His daily average overtime for July, 1956, 3 hours 17 minutes; August, 2 hours 24 minutes; September, 1956, 3 hours 28 minutes.

By letter dated 9-11-56 he was CENSURED inasmuch as he and his subordinates failed to have readily available certain pertinent information in answer to an urgent inquiry made on 9-6-56 regarding Jacob K. Javits and this reflected a lack of proper judgment and initiative on his part.

The instructions, which were clear and unequivocal, were not followed and the material submitted consisted of a conglomeration of memoranda which was incomplete. Inasmuch as he was acting in charge of the division at the time in question, he was responsible for proper compliance with the instructions in question.

His daily average overtime for February, 1957, was 3 hours 4 minutes and for March, 1957, was 2 hours 56 minutes.

By letter dated 9-16-58 he was CENSURED and PLACED ON PROBATION as the result of a recent check by the inspection staff into the activities of Special Agent Supervisors assigned to the Domestic Intelligence Division. A number of them were discovered engaging in improper practices after they had signified on attendance registers that they were commencing their official duties. The widespread abuses which were uncovered indicated a total lack of adequate supervision of these men on the part of him and the other executives in the Domestic Intelligence Division. He failed completely to measure up to his responsibility in this regard and this failure was inexcusable.

His daily average overtime for September, 1958 was 3 hours.

By memorandum dated 10-1-58 it was recommended and approved that he serve as alternate in connection with Interdepartmental Intelligence Conference matters.

His daily average overtime for October, 1958 was 4 hours 9 minutes.

By letter dated 11-12-58 he was CENSURED and CONTINUED ON PROBATION for a number of inexcusable weaknesses noted during a recent inspection of the Domestic Intelligence Division, which reflected inept administrative leadership on his part. He had relied too much on the Section Chief rather than making it his regular business to conduct periodic spot checks and otherwise assure himself that this section was being properly administered. Also in the Internal Security Section he permitted an "evasive" system of counting technical surveillances to develop which could have proven extremely embarrassing to the Director and the Bureau. In the Subversive Control Section excess administrative overhead and surplus manpower existed and it should not have been necessary for the Inspector to call attention to these deficiencies.

His daily average overtime for November, 1958 was 4 hours 19 minutes; December, 3 hours 6 minutes; and January, 1959 3 hours 25 minutes.

By letter dated 2-13-59 he was CENSURED for failing to discover a number of nonsubstantive errors in official correspondence reviewed and approved by him.

During a recheck inspection of the Domestic Intelligence Division, Inspector Malone said he was interviewed on 3-4-59 and made an excellent appearance. The reasons for which he was originally placed on probation were discussed in detail with him. He stated that all weaknesses in the division had been eliminated and that he had taken steps to insure that the administrative operations of all sections were now being tightly controlled. He stated the suggestions and ideas initiated during the previous inspection were all in effect and were working satisfactorily. He admitted that the over all operation of the division had been materially improved as a result. He stated that at first he was strenuously opposed to some of the suggestions for what he considered sound reasons. However, in all fairness to the Inspector he agreed to try the new system as suggested, and was the first to admit that the Inspector's system was working better than the one in effect at that time. His attitude was excellent. He had assured that the entire staff was completely behind Mr. Belmont and the Director and that the desire as to the proper handling of the work in the Domestic Intelligence Division would be carried out.

His daily average overtime for February, 1959, was 3 hours 4 minutes.

On 3-11-59 he was REMOVED FROM PROBATION.

On 3-31-59 Mr. Belmont rated him SATISFACTORY and reported he had continued during the rating period as Inspector-in-Charge of the Internal Security-Liaison Branch of the Domestic Intelligence Division. In the absence of the Assistant Director he has run the Division very capably. In both of these capacities he has borne a heavy responsibility. His judgment was definitely above average. Because of his experience and background in all types of Bureau activities and his well-balanced approach to Bureau problems he could be relied upon to properly analyze and decide on the numerous problems which faced him daily. At the same time he adjusted himself to change and enthusiastically assisted in devising and applying new procedures so necessary in meeting changing conditions in the security field. He seeks out responsibility, was thoroughly loyal to the Director and the Bureau and he has had an essential part not only in the individual important cases which have been handled successfully in the Division but in the implementing and administering of the programs so vital to our success in the security field. INSPECTION - DOMESTIC INTELLIGENCE DIVISION
INSPECTOR DONALD W. MORLEY
2/12/68 - 2/28/68

SUMMARY

Officials: William C. Sullivan, Assistant Director in Charge since 6/2/61; Inspector Joseph A. Sizoo, Number One Man, and Branch Chief (Internal Security - Liaison) since 9/13/67; Inspector Donald E. Moore, Branch Chief (Espionage - Research) since 10/14/53. Last inspection: 2/20-3/10/67.

Physical Condition and Maintenance - Very Good (Last Inspection - Very Good). Division occupies same space as last year, half of 6th floor and entire floors 7 through 10 of commercial building at 9th and D Streets, N.W. Space considered attractive and secure. Housekeeping delinquencies of minor nature either corrected on spot or ordered corrected. Division has use of 2 cars which are fully utilized. No safety defects. Storage secure. One auto accident since last inspection. Agent not held responsible.

Specific Division Operations - Excellent (Last Inspection - Excellent). Potentially explosive racial situation exists with activities of militant and violence-prone leaders such as Stokely Carmichael attempting to unite Negro civil rights groups into a Black United Front, and Martin Luther King planning massive civil disobedience demonstration in April, 1968. Marked increase in racial informants from 574 to 1,146 or 98%. Need for additional informants strongly stressed.

Total pending security matters 32,667 (1/31/68) up from 29,449 (2/23/67) -- 11% increase. Field delinquency 1/31/68 (5.6%) down from last inspection (7%). On monthly basis Division follows offices having delinquency considered high. Division accomplishments continue on high level in coverage and disruption of Communist Party, fronts, Klan-hate organizations, New Left organizations, Black Nationalist groups and Soviet Bloc. White House, Attorney General and interested agencies advised promptly on pertinent subversive and racial activities. SOLO operation continues to furnish valuable information, total of 24 missions completed, 2 since last inspection, 1 currently in progress. Division instructed to continue emphasis on New Left Movement and leading activists. Security informants decreased from 1242 (2/67) to 1032 (2/68) due to conversion of some informants to racial informants. 318 informants furnish coverage of Communist Party, USA. Division has instituted streamlining operations and procedures which will result in savings to Bureau. Suggestions made by Inspector will assist in this regard. Nationalities Intelligence Section continues to develop valuable intelligence data on non-Soviet Bloc countries. Informant coverage on activities of United Nations delegations expanded. Programs established to develop positive intelligence information and

more informants concerning Chinese communist intelligence activities. 4 double agents being operated in Chinese intelligence field. Need stressed for additional informant and double agent coverage, intensification of investigations to identify Chinese intelligence activities in U.S. stressed. Suggestion made by Inspector to inform Legal Attaches on world-wide Chinese intelligence activities. Case load Latin American Section substantially increased since last inspection due to intensification of Cuban Refugee Program to detect Cuban intelligence agents; 24 double agents currently being operated against Cuban Intelligence Service, increase from last inspection (19 double agents). 7 of 11 Cuban United Nations officials identified as known or suspected intelligence agents. Inspector's suggestion implemented to corroborate Cuban double agent contacts with Cuban United Nations officials. Streamlining procedures instituted by Division in handling informants and other programs by Legat, Mexico City, should result in savings of \$37,000.

As of 2/1/63, 44 double agents being operated against Soviets (51 last inspection); 222 individuals under development as potential double agents. 5 defectors in place (same as last inspection), all presently out of country; however, 2 actively operated in past year and furnished valuable information. Instructions issued to intensify efforts to develop more coverage. Counterintelligence program effective. Espionage conviction obtained on Herbert W. Boeckenhaupt, Air Force Sergeant, sentenced to 30 years' imprisonment on charge of conspiracy to commit espionage. Streamlining reporting procedure instituted by Division on foreign nationals travel cases which will result in savings to Bureau in excess of \$30,000. Research-Satellite Section continues to develop valuable intelligence information on 8 Communist countries. 57 double agents currently being operated against satellite countries, 8 developed since last inspection. 2 Hungarian defectors effectively handled. Division periodically evaluating programs, and streamlining where possible. Imagination and diversified thinking in development of new programs. Inspector suggested deletion of one program involving duplication of reporting information. Trend of retaining excessive copies of communications ordered corrected.

Administrative Operations - Very Good (Last Inspection - Very Good). Reorganization of Division since last inspection has resulted in better balance and alignment of work. Front Office and Section supervision effective and efficient. Form errors detected 1.74% (last inspection 1.91%). No substantive errors detected. Stenographic production 1.75 pages per hour substantially below Seat of Government average of 2.82 pages per hour and down from previous inspection (50% of stenographic pool entered on duty within 90 days prior to inspection). Retyes above Seat of Government average. Inspector instructed emphasis be placed on training and close supervision to increase production and reduction of retyes. No errors located in time and attendance registers affecting fringe benefits. No abuse of sick leave noted. Odd-hour shifts justified. Voluntary overtime equitably shared and productive. Division economy minded. Marked reduction in stops on incoming communications since last inspection; 6 remain in effect - justified. No unnecessary delays in handling mail or files noted. Supervisors alert for delayed reporting by field.

MEMO FOR MR. TOLSON

Re: Inspection - Domestic Intelligence Division

Personnel Matters - Very Good (Last Inspection - Very Good). Total personnel 306 (126 Agents, 180 clerks), down 1 Agent and up 6 clerks since last inspection. Request made for 4 additional Agent Supervisors and 1 clerk due to increase in work in Cuban and racial fields, as well as Department's requests relative to hearings by Subversive Activities Control Board. Request justified by Inspector's analysis (approved separately). With additions, complement will be adequate but not excessive. Personnel complement Legal Attaches' Offices 65 (31 last inspection), reduction of 8 Agents, 8 clerks. No overweight Agents; one Agent on limited duty - retention justified. One Agent on probation, removal recommended (handled separately). Morale appears high.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and Supervisors in Division have 115 contacts of high quality in varied fields which are in position to furnish valuable information and services in both foreign and domestic fields.

RECOMMENDATIONS:

1. Assistant Director William C. Sullivan, EOD 8/4/41, aged 55, GS-18 @ \$27, 055, not on probation, in Division since 6/4/54. Appointed Assistant Director 6/2/61. INSTRUCTIONS TO EMPLOYING AGENCY

1. **Who must file.**—All employees not excluded by law or regulation from insurance coverage, including those who have previously waived coverage, are required to complete and file Standard Form 176-T. Employees who are in the service on February 14, 1968, as well as those who are appointed after that date but before April 14, 1968, must file the form.
2. **Automatic cancellation of previously filed waivers.**—All "Waivers of Life Insurance Coverage" (SF 53) on file are automatically canceled as of the first day of the first pay period beginning on or after February 14, 1968. Payroll offices are to begin regular insurance deductions on the automatic cancellation date for employees who do not file a new waiver, i.e., those who do not check box C of SF 176-T, on or before that date.
3. **Employees failing to file.**—If an employee does not return a completed SF 176-T, contact him and urge him to do so even if he does not want optional insurance (he will, of course, be automatically covered for regular insurance). If he still fails to file SF 176-T by April 14, 1968, or 31 days after appointment, whichever is later, file one for him as of that date: mark box B, and note in the space provided for his signature "employee contacted—failed to elect optional insurance." See note 2 below.
4. **Review of completed forms.**—(a) Review both copies of the SF 176-T for legibility, completeness, and consistency. Reconcile with the employee any obvious major

discrepancy such as a mark in more than one box.
(b) If the employee marked box A or box C, make sure the Statistical Stub is complete. Then detach and mail stubs, in a bundle, weekly to:

Office of Federal Employees' Group Life Insurance
(Statistical Study)
4 East 24th Street
New York, New York 10010.

- (c) If the employee marked box B, detach and destroy the stub.
5. **Date of receipt and effective date.**—(a) Stamp date of receipt by employing office in the space provided for this purpose on both the Original and the Duplicate.
(b) The effective date is determined from the table below.
 6. **Disposition of forms.**—(a) File the Original SF 176-T in the official personnel folder in all cases.
(b) Any necessary payroll change, with effective date, may be posted in the space reserved on the Duplicate for employing office.
(c) The Duplicate may be destroyed, if no payroll action is required, or after the requirements of the agency's payroll system have been met.
 7. **Use of SF 176-T.**—SF 176-T "Election, Declination, or Waiver of Life Insurance Coverage" should not be used after the initial filing period (after April 14, 1968). A revised edition will be available for use after that date.

TABLE OF EFFECTIVE DATES

DATE SF 176-T RECEIVED BY EMPLOYING OFFICE	EMPLOYEE'S DECISION	EFFECTIVE DATE (IF NO WAIVER, SF 53, IN EFFECT)	
		OF DECISION	OF DEDUCTIONS
On or before February 14, 1968.	Elects optional (in addition to regular) (box A).	Coverage effective February 14, 1968.	Deductions begin 1st day of 1st pay period beginning on or after February 14, 1968.
	Declines optional (but not regular) (box B).	Declination effective February 14, 1968.	
	Waives regular (so ineligible for optional) (box C).	Waiver effective last day of pay period in which February 14, 1968 falls.	Deductions stop last day of pay period in which February 14, 1968 falls.
After February 14 but not later than April 14, 1968.	Elects optional (in addition to regular) (box A).	Coverage effective on date of receipt.	Deductions begin 1st day of 1st pay period beginning on or after date of receipt.
	Declines optional (but not regular) (box B).	Declination effective on date of receipt, but employee loses automatic optional protection on February 14, 1968.	
	Cancels previously elected optional (but not regular) (box B).	Cancellation effective last day of pay period in which received.	Deductions for optional stop last day of pay period in which received.
	Waives regular (so ineligible for optional) (box C).	Waiver effective last day of pay period in which received.	Deductions stop last day of pay period in which received.

- NOTES: 1. Because regular insurance coverage and deductions are automatic unless waived (by checking box C), A and B elections do not affect regular insurance effective dates.
2. An employee for whom the agency files SF 176-T because he failed to file is deemed to have declined optional, but not regular, insurance.
3. An employee with an uncanceled waiver (SF 53) on file cannot be insured any earlier than the first day he is in duty and pay status in a pay period beginning on or after February 14, 1968; filing of an SF 176-T before that date will not cancel an SF 53 any earlier. Deductions begin the day he becomes insured.
4. The effective date of regular (and optional) insurance coverage for an employee who has been on leave without pay for more than 1 year is the first day he is in pay and duty status. Deductions are effective the same day.

Dear Mr. Hoover:

When Assistant Director Sullivan presented your letter of April 4, 1968, advising you had afforded me an Outstanding performance rating and approved an incentive award, my feelings were truly ambivalent. With humility, yet pride, I gratefully accepted this manifestation of your confidence in me.

The timing of this presentation was excellent from the morale standpoint in that the events of the past eighteen hours have increased our responsibilities a hundred-fold and it is absolutely essential that we rise to meet them not only for the protection of the Bureau but for the welfare of the Nation as well.

I appreciate your consideration and you may be assured that the greatest efforts of my career will be expended to meet head on the grave challenges that face us.

✓ Satisfactory (good or very good).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective ratings:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated:
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

EMPLOYEE'S INITIALS

JOSEPH A. SIZOO
NUMBER ONE MAN - INSPECTOR
DOMESTIC INTELLIGENCE DIVISION

Mr. Sizoo has continued to discharge the duties and fulfill the responsibilities required of him in his position as Inspector in charge of the Internal Security - Liaison Branch of the Domestic Intelligence Division, and as Number One Man for the entire division, in such an exemplary manner as to merit an Outstanding performance rating for the period April 1, 1967, to March 31, 1968.

There was a reorganization in connection with the work of some of the Sections in Mr. Sizoo's branch during the rating period and he lent force and imagination in connection therewith. Impetus was necessary in some areas and Mr. Sizoo gave highly desirable leadership, bringing about desired results. As Number One Man, he acts as head of the division in the absence of the Assistant Director. In this capacity he ably handles contacts with other divisions at the Seat of Government and the field, and with officials of other Government agencies regarding those matters handled in the Domestic Intelligence Division. His personality and manner are such as to enable him to effectively represent the Bureau in all situations.

Mr. Sizoo presents an excellent, mature personal appearance. He has an enthusiasm about his work that is infectious, and without question he is dedicated to the best interests of the Bureau. In view of his unusually well-rounded background in all phases of our jurisdiction, he has an exceptional knowledge of policies and procedures and applies them with good judgment. With a great deal of common sense, he is able to evaluate problems and suggest solutions. He is considerate of subordinates but displays sufficient force and drive to get the work done on time and in excellent fashion.

Throughout the year, Mr. Sizoo has been of considerable assistance to his superiors. He has a long record of excellent performance and during the rating period he added greatly to past accomplishments. He is undoubtedly entitled to the over-all rating of Outstanding.

Since last inspection racial matters case load up 19.6%, racial informants increased over 300%, individuals on Agitator Index up almost 400%. Klan membership down 15% largely due to successful counterintelligence action. Division making prompt dissemination of pertinent information to White House, Department and other concerned agencies.

Total security matters (5/1/69) 30,969, including 975 pending inactive Security Index cases, down from 32,667 (1/31/68) -- 5.2% decrease. Division closely following New Left movement. Security informants increased from 1082 (2/68) to 1180 (5/1/69).

inspection. Currently operating 13 active and 6 potential double agents against Cuban Intelligence Service, decrease from last inspection (24 double agents). 9 of 14 Cuban United Nations officials identified as known or suspected intelligence agents.

Administrative Operations - Very Good (Last Inspection - Very Good). Front office and section supervision effective. No substantive errors detected. Stenographic production 2.33 pages per hour, up from previous inspection but substantially below Seat of Government. Voluntary overtime equitably shared and productive. Division economy conscious. Stops on incoming communications reduced from 5 to 4 since last inspection. No unnecessary delays in handling mail or files noted.

Personnel Matters - Very Good (Last Inspection - Very Good). Total personnel 303 (approved complement 314 -- 127 Agents and 187 clerks). Requests made for 2 additional Agent supervisors due to substantial increase in work load Racial Intelligence Section; and 2 clerical employees in Racial Intelligence and Latin American Sections, respectively. Work load in Racial Intelligence Section has increased substantially but based on Inspector's analysis of overall work load, it is believed Division can absorb needed increase of 2 Agents in Racial Intelligence Section and still reduce complement by 2 Agent supervisors, thereby reducing Agent supervisory staff from 127 to 125 (previously cut from 130 to 127 when streamlining security procedures adopted). Based on increased work load in Racial Intelligence Section, addition of 1 clerk believed justified (handled separately). Request for additional clerk in Latin American Section not justified due to reduction of work load. Assistant Director agreeable to reductions in Agent personnel (handled separately). No Agents on probation -- morale appears high.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and supervisors in Division maintain 140 contacts in varied fields, all in position to furnish information and services in foreign and domestic fields.

RECOMMENDATIONS

1. Assistant Director William C. Sullivan, EOD 8/4/41, aged 57, GS-18 at \$30,239, not on probation, in Division since 6/4/54. Appointed Assistant Director 6/2/61. Rated Outstanding 4/1/69. Assistant Director is highly competent, dedicated, enthusiastic with vast comprehension of the overall security field. He has the respect of his subordinates and is qualified to continue in present assignment. Attached for approval is letter to Sullivan summarizing inspection findings.

2. Inspector Joseph A. Sizoo, Number One Man, EOD 7/10/35 as Clerk, 11/1/38 as Agent, GS-17 at \$29,764, in Division since 9/15/53, not on probation, Rated Outstanding 4/1/69. He is energetic, businesslike and inspires the respect and confidence of his associates. He has an excellent knowledge of Bureau policies and procedures. He appears highly qualified to continue in his present assignment. Attached letter to Sullivan will also inform Sizoo of inspection findings.

Re: Inspection - Domestic Intelligence Division

3. Inspector Donald E. Moore, EOD 3/10/41, GS-17 at \$29,764, in Division since 10/14/56, not on probation. He was rated Outstanding 4/1/69. He presents an outstanding appearance. He has the respect of his subordinates and has an excellent knowledge of the overall operations of the Bureau. He provides excellent leadership and is highly qualified to continue in his present assignment.

Re: Inspection - Domestic Intelligence Division

DETAILS

PHYSICAL CONDITION AND MAINTENANCE EXCELLENT

Division occupies space on half of 6th floor and entire floors 7 through 10 of commercial building at 9th and D Streets, N. W. Space secure, neat and excellently maintained. Recently repainted throughout. Minor housekeeping delinquencies ordered corrected. Two cars assigned to Division fully utilized -- no safety defects -- storage secure.

SPECIFIC DIVISION OPERATIONS EXCELLENT

Racial situation extremely explosive nationwide, with international ramifications. Black Panther Party widely active, with doctrines of hate, advocacy of violence and destruction. Many other similar organizations. Situation being closely followed. Since last inspection racial matters case load up 19.6%, racial informants increased over 300%, individuals on Agitator Index up almost 400%. Black Nationalist Photo Album, covering key figures, set up in all domestic field offices, and Ottawa and Mexico, with dissemination to Central Intelligence Agency and [redacted] b7D
Klan membership down 15% largely due to successful counterintelligence action. Division making prompt dissemination of pertinent information to White House, Department and other concerned agencies.

Total security matters (5/1/69) 30,969, including 975 pending inactive Security Index cases, down from 32,667 (1/31/68) -- 5.2% decrease. SOLO operation continues to furnish valuable information, total of 31 missions completed, 7 since last inspection noteworthy. Division closely following New Left movement. Security informants increased from 1082 (2/68) to 1180 (5/1/69). Department has made numerous requests of Division in connection with proposed hearings before Subversive Activities Control Board but hearings held on only 6 individuals since last inspection. Division instructed to follow closely to insure manpower not needlessly tied up.

As of 5/1/69, 66 double agents being operated against Soviets (44 last inspection). 218 individuals under development as potential double agents (222 last inspection); 38 individuals considered inactive double agents. No defectors in place (5 last inspection). Counterintelligence program effective. No convictions since last inspection and no persona non grata actions in Soviet cases. Petition for writ of certiorari filed on behalf of Herbert W. Boeckenhaupt, Air Force Sergeant convicted 1967 and sentenced 30 years denied by Supreme Court. Petitions filed for writs of certiorari on behalf Igor A. Ivanov (Soviet) and John William Butenko (American), convicted 1964 for espionage, resulted in vacating of judgment by Supreme Court 3/69. Case remanded to District Court on question of use of electronic surveillances -- pending.

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

Nationalities Intelligence Section continues to develop valuable intelligence data on non-Soviet Bloc countries. 5 double agents (4 last inspection) being operated against Albania. Established programs continuing to develop positive intelligence information. Informants against Chinese communist intelligence activities have increased from 39 to 64. Informant coverage on activities of United Nations delegations expanded. 5 double agents (4 last inspection) being operated in Chinese intelligence field.

Research-Satellite Section continues to develop valuable intelligence information on 7 communist countries (Albania not included). 61 double agents (excluding Albania) being operated against the 7 countries, increase of 8 since last inspection. 2 Czech defectors handled effectively.

Latin American Section case load decreased by 258 cases since last inspection as result of streamlined procedures adopted; change in reporting procedures of Security Index cases; elimination of Dominican Republic cases; and moratorium regarding Cuban Refugee Program. Currently operating 13 active and 6 potential double agents against Cuban Intelligence Service, decrease from last inspection (24 double agents). 9 of 14 Cuban United Nations officials identified as known or suspected intelligence agents.

Division programs continually being re-evaluated and 2 programs have been deleted since last inspection. Inspector suggested Division explore possibility of discontinuance of Protection of Strategic Air Base Program. Streamlining operations and procedures instituted by Division should result in savings to Bureau.

ADMINISTRATIVE OPERATIONS VERY GOOD

Front office and section supervision effective and efficient. Form errors detected 1.69% (last inspection 1.74%). No substantive errors detected. Stenographic production 2.33 pages per hour, up from previous inspection but substantially below Seat of Government (SOG) average of 3.20 pages per hour. Retyped pages above SOG average. Inspector emphasized need to increase production and decrease errors. No errors located in time and attendance registers affecting fringe benefits. No abuse of sick leave noted. Odd-hour shifts justified. Voluntary overtime equitably shared and productive. Division economy conscious. Stops on incoming communications reduced from 5 to 4 since last inspection -- justified. No unnecessary delays in handling mail or files noted. Supervisors alert for delayed reporting by field.

PERSONNEL MATTERS VERY GOOD

Total personnel 303 (approved complement 314 -- 127 Agents and 187 clerks). Requests made for 2 additional Agent supervisors due to substantial increase in work load Racial Intelligence Section; and 2 clerical employees in Racial Intelligence and

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

Latin American Sections, respectively. Work load in Racial Intelligence Section has increased substantially but based on Inspector's analysis of overall work load, it is believed Division can absorb needed increase of 2 Agents in Racial Intelligence Section and still reduce complement by 2 Agent supervisors, thereby reducing Agent supervisory staff from 127 to 125 (previously cut from 130 to 127 when streamlining security procedures adopted). Based on increased work load in Racial Intelligence Section, addition of one clerk believed justified (handled separately). Request for additional clerk in Latin American Section not justified due to reduction of work load. Assistant Director agreeable to reductions in Agent personnel (handled separately). No overweight Agents; one Agent limited duty -- retention justified. No Agents on probation -- morale appears high.

CONTACTS EXCELLENT

Assistant Director and supervisors in Division maintain 140 contacts in varied fields, all in position to furnish information and services in foreign and domestic fields.

During my last physical examination in the latter part of October, 1969, the doctors discovered in examining x-rays the presence of a growth on my left lung. In studying prior x-rays, the doctors advised that this first appeared in 1966 and has increased somewhat in size. They stated that it might be malignant and should be removed.

The x-rays were made available to me for use in consultation with my family physician, Dr. Edward Nicklas, who, after consulting a private radiologist, suggested that the growth probably was not malignant but agreed that it should be removed; that under such circumstances it would be a relatively simple operation.

ACTION:

Accordingly, I have made arrangements to enter Sibley Hospital on Thursday afternoon, November 20, for an operation the following morning by Dr. Joseph Peabody.

A review of annual films dating back to Oct. 1966 reveals that the lesion has been present previously and in 1966 measured less than 1 cm in diameter.

Cardioesophagrams and tomagrams of the lesion are recommended for further evaluation.

Reference is made to my memorandum dated November 17, 1969, in which I indicated that I contemplated an operation on November 20, 1969, to remove a growth on my left lung.

This operation was performed as scheduled. I last saw the surgeon on Thursday, December 4, 1969, and he indicated that I had made a very satisfactory recovery and agreed that I could return to work on December 8, 1969. I returned to duty yesterday and feel I am able to resume my responsibilities.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval the annual performance reports for Messrs. McAndrews, Sizoo, Moore and Bland in which their services have been rated Outstanding for the period April 1, 1969, to March 31, 1970. Mr. DeLoach has signed these ratings as the Reviewing Official.

It is certified these officials have performed the most important functions of their positions in a manner which exceeds the normal requirement and that this exceptional level of effectiveness is expected to continue indefinitely. None were censured during the rating period except Mr. McAndrews for failure to notify the Director although aware of pertinent developments in a Selective Service Act case of major importance (Cassius Marcellus Clay) even though he had authorized submission of an affidavit by an Agent containing statements relevant to his previous testimony in this matter.

In the event you approve these ratings, it is respectfully requested that the Director sign the original of each of them as the Approving Official.

RECOMMENDATION:

That the Director, as Approving Official, sign the original of the attached Outstanding performance ratings for Messrs. McAndrews, Sizoo, Moore and Bland and that each be furnished the original of his rating.

In response to the Director's inquiry as to where the teletype from Knoxville was from 4:00 p.m. to 6:09 p.m. on May 31, 1970, the following is submitted.

This teletype was transmitted from Knoxville to the Bureau at approximately 4:00 p.m. Simultaneous to the transmission to the Seat of Government an additional print-out copy was received in the Domestic Intelligence Division. At approximately 4:30 p.m. Supervisor [] called the teletype room to be sure the original would be sent to the Domestic Intelligence Division as in the interim he had received a call from Mr. DeLoach who instructed the original of the teletype be sent through for the Director's information the first thing the following morning. The original of the teletype was actually sent on the courier run which left the Justice Department at 5:35 p.m.

With reference to my availability over the past weekend, although I went to my beach cottage, I was entirely available. We had invited the [] to spend some time with us on the weekend of June 13-14, and I had considerable yard work and other related chores which I wanted to handle. The purpose of my notification of the switchboard was not to indicate any restriction on my availability, but to advise of my whereabouts so that I could be reached if needed. I have telephone facilities at the beach cottage and have repeatedly advised the switchboard and Domestic Intelligence Division duty personnel not to hesitate to call me if there is reason to do so. Furthermore, it is only about a one-hour drive to Washington and I have in the past handled matters by telephone and come into the office when necessary. In fact, the cottage is only a few minutes more driving time from the office than is my residence and I am just as available there.

I regret that the Director had difficulty in reaching a Bureau official on Sunday evening and will keep the Bureau carefully advised as to my whereabouts in order that I can be reached when needed.

In compliance with the Director's request for a memo concerning the handling of a call which he made to the Bureau at 6:15 P.M. on 5-31-70, the following is submitted:

Information received this morning from the 4 to 12 P.M. Shift Supervisor on the Switchboard reflects that the Director called in at 6:15 P.M. and requested to speak to Mr. DeLoach. Mr. DeLoach was at the Kenwood Country Club and the Director said not to disturb him but to get in touch instead with Mr. Sullivan. Mr. Sullivan was in Chicago and the Director then asked to speak to Mr. Bishop. The Shift Supervisor handled this call personally and states that she dialed Mr. Bishop's home phone; that it rang approximately eight times without receiving an answer; that she then hung up and dialed his home number again and again the phone rang several times without receiving an answer. The Director then spoke to the Night Supervisor in the Domestic Intelligence Division.

Mr. Bishop states that he was at home at 6:15 P.M. and as a matter of fact was sitting down at that time to eat dinner. He states that the phone did not ring. He has called the telephone company to have them check to see if there is any difficulty with his line.

Miss Gandy called at 6:07 P.M. on 5-31 just prior to the Director's call to state that she was going to the Tilden Gardens and then to Mr. Hoover's house and then home. This entry was made on the movement card for her. There is no further record of her having called the Switchboard later last evening and both the Shift Supervisor and the other operator who was on duty state definitely that they did not receive any call from Miss Gandy after the call at 6:07 P.M. until they went home at midnight.

Memo to Mr. Mohr from W. S. Tavel
Re: Inquiry Concerning Telephone
Call from Director 5-31-70

Miss Gandy did call this morning to inquire whether Mr. Hoover had called last night. The operator taking the call checked with the other operators present and when none knew of any such call, she advised Miss Gandy that he had not called. Actually his call, of course, had been taken by the night shift last night and the day shift operators this morning did not know anything about this.

We have not in the past maintained a log of all calls to and from the Director but in the future we will maintain such a log outside the hours the Director's Office is open so that a record of his calls will be available from one shift to the next. We will also maintain a log during the same period of all calls to and from Miss Gandy so that there will be an appropriate record of such calls if any question arises. *The log will be kept for 30 days and then destroyed.*

Physical Condition and Maintenance - Excellent (Last Inspection - Excellent). No change in space which is secure and well maintained. Minor housekeeping delinquencies noted were corrected or ordered corrected. 2 cars assigned to Division fully utilized. No safety defects and no accidents since last inspection.

Specific Division Operations - Excellent (Last Inspection - Excellent). Violent racial extremist activities continue to increase -- some international ramifications. Black Panther Party expanding and brazenly advocating overthrow of Government by force. Case load up 5.16%; racial and ghetto informants increased 12.8%. Bureau supervision adequately intensified.

Inspector recommended continuation of moratorium on investigation and reporting concerning Security Index subjects to permit continued use of field personnel on higher-priority matters (approved separately). Division has vigorously pressed investigation of New Left terrorists and contributed to 7 convictions and 18 additional indictments arising out of violence at the Democratic Convention in Chicago. Need for additional coverage of New Left violence stressed. Division accomplishments continue at high level with coverage and disruption of subversive groups and Soviet-Bloc representatives. White House, Attorney General and interested agencies promptly advised of pertinent developments. SOLO operation continues to furnish valuable information -- 4 missions completed since last inspection.

~~NOT RECORDED~~
Total security matters pending in field 3/31/70 - 37,746, up substantially from year ago. Security and potential security informants decreased slightly -- attributable

to Bureau-wide stress on quality. No field delinquency over 7% in last 6 months. Classification supervised by DID.

67 double agents currently being operated against Soviets (66 last inspection). 207 under development as potential double agents (218 last inspection). 5 defectors in place, all out of country at present time. One Soviet official arrested since last inspection -- allowed to leave country by State Department. 2 persona non grata involving Soviets. Nationalities Intelligence Section directing operation of 14 active and 11 potential double agents against Cuban Intelligence Service. 9 of 18 Cuban United Nations officials identified as known or suspected intelligence agents. 5 double agents being operated against Albania, 8 suspected Chinese agents in United States. Informants on Chinese intelligence matters increased to 103 from 64 last inspection. 61 double agents furnish valuable information on 7 satellite countries -- same as last inspection.

Foreign liaison operations effectively supervised. Office at Manila closed and new office at Madrid opened. Inspection Division recommended reduction Agent complement of Rome Office from 2 to 1 (approved separately). Domestic liaison effective but reduced to absolutely essential functions. Personal liaison with CIA discontinued.

Research Section, in existence since 1/12/70, has prepared valuable specialized summaries and studies. Agent complement of section reduced by 1 with reassessment of priorities.

Administrative Operations - Fair (Last Inspection - Very Good). Front office and section supervision generally effective. Incident detected involving airtel to 16 field offices with substantial impact on Agent manpower initiated out at section level when higher authority should have been obtained (handled separately).

During inspection, special survey was made to determine possibility of reducing supervisory complement in DID and commensurate reduction of Agent manpower in field by reassessing priorities of security programs. Inspector proposed reduction of 8 supervisors as follows: Soviet Section - 2, Sino-Satellite Section - 1, Nationalities Intelligence Section - 2, Research Section - 1, Liaison Section - 2. Assistant Director Sullivan advised if recommendations approved they could be implemented by cutback in lower priority programs. Reductions in Research and Liaison Sections to be accomplished by cutback in services at the Seat of Government (SOG) with no corresponding reduction in field manpower (approved separately). DID proposed curtailment of coverage in the East-West Exchange Program and most Soviet unofficial visitors to the U. S. DID also proposed elimination of certain phases of the counterintelligence program in the Soviet Section, elimination of all but key investigations involving Americans traveling in Soviet Union, Cuban Refugee Program, Cuban travel cases, and curtailment of the EOCOV Program. These proposals or modifications thereof

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

approved separately and it is estimated 25 field Agents can be diverted to more essential programs as a result of these changes.

During inspection, other suggestions were made to streamline supervision and delegate more routine work to qualified clerical personnel. Suggestion also made to have statistical accomplishments of racial informants recorded, same as criminal informants, for budgetary purposes.

No substantive errors detected. Form errors down from last inspection. Stenographic production below SOG average (3.17 to 3.49 pages per hour). Training stressed. Voluntary overtime equitably shared and productive. Division economy conscious. No unnecessary delays in handling mail or files noted. No errors affecting fringe benefits noted in time and attendance records. Odd-hour shifts justified.

Personnel Matters - Very Good (Last Inspection-Very Good). Approved complement 312 (126 Agents and 186 clerical) -- up 1 Agent and down 1 clerk since last inspection. As a result of streamlining measures and realigning of priorities Inspector recommended and Director approved reduction in Agent supervisory complement from 126 to 118 (reduction of 8). Before completion of inspection it was recommended and approved that 2 of 8 be retained for diversion to supervision of violent New Left groups. (Net supervisory reduction 6 and current approved complement is 120.) Clerical complement adequate but not excessive. No Agents on probation, overweight, or on limited duty. Morale appears high.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and Division officials maintain valuable high-level contacts, all in a position to furnish information and services of interest to the Bureau in foreign and domestic fields.

Dear Mr. Sizoo:

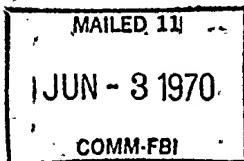

It has been noted that you did not remain in the local area over the recent holiday weekend although you were fully aware that your presence is required here when Assistant Director Sullivan is out of town, as was the case in this instance. In view of the constant demands being made of us in the security field at this time, it is imperative that there be no such breakdown in executive channels. It was your responsibility to remain in the metropolitan area during this pertinent period and you were remiss in not doing so.

I will expect you to exercise better judgment in the future concerning these matters so it will not be necessary to bring derelictions of this nature to your attention again.

Domestic Intelligence Division
EOD 7/10/35 (Messenger), 11/1/38 (SA), GS-17, \$34,810
Age 59, Married, 2 Children

The following is a brief summary of Mr. Sizoo's record for the Director's use. He celebrates his 35th Anniversary with the Bureau on 7/10/70.

He entered on duty 7/10/35 in a clerical capacity and was appointed a Special Agent on 11/1/38. During his tenure of service as an Agent he has served in various field offices, in several divisions at the Seat of Government, has served in Mr. Tolson's and the Director's Offices and is presently assigned to the Domestic Intelligence Division as #1 Man and Inspector of the Internal Security-Liaison-Research Branch. He does not list an office of preference and on his 1970 Annual Performance Report, he was rated OUTSTANDING. His overtime performance is satisfactory.

The Director has presented him with his Twenty-Twenty-fifth, and Thirty-Year Service Award Keys.

He was last CENSURED on 6/3/70 inasmuch as it was noted that he did not remain in the local area over the recent holiday weekend although he was fully aware that his presence was required here when Assistant Director Sullivan was out of town, as was the case in this instance. In view of the constant demands being made of the Bureau in the security field at this time, it was imperative that there be no such breakdown in executive channels. On 4/24/68 he received an INCENTIVE AWARD in the amount of \$450 for his superior services for the period 4/1/67 to 3/31/68. He was last COMMENDED on 1/31/66 for the outstanding attitude he exhibited in reporting for duty this date despite extremely hazardous travel conditions. *87-57645-42*

DURING AN INSPECTION OF THE DOMESTIC INTELLIGENCE DIVISION IN APRIL, 1970, Assistant Director W. Mark Felt stated he was energetic, mature, businesslike, knowledgeable and inspired the respect and confidence of his associates. He appeared highly qualified to continue in his present assignment. The various functions of the Division was rated as follows:

A special survey was made to determine possibility of reducing supervisory complement in the Domestic Intelligence Division and commensurate reduction of Agent manpower in field by reassessing priorities of security programs. The Inspector proposed reduction of 6 supervisors. This was approved and necessary action taken.

His cousin, SA Joseph M. Sizoo, entered on duty 6/12/50 as a Clerk and was appointed a Special Agent on 10/25/54. He is presently assigned to the Domestic Intelligence Division, is in grade GS-14 and his services are rated as Excellent. His

Dear Mr. Hoover:

The occasion of my Thirty-Fifth Anniversary in the Bureau on July 10, 1970, was looked forward to with anticipation. In retrospect, it is even more memorable than I had anticipated. I was particularly pleased that you gave me the opportunity to meet with you on that day, knowing first-hand the heavy demands made on your time. Acceptance of the beautiful scroll is paralleled only by receipt of my credentials as a new Agent. I will never forget either situation in a career that has brought me a great deal of satisfaction and pride. The scroll and photograph of the presentation that you were kind enough to autograph will always have an honored place in my home.

Your letter to me enclosing an honorary membership in the FBIRA was still another highlight of my 35th anniversary, particularly in view of the fact that I am serving as President of the Association this year. I hope to have the privilege of being a "card-carrier" for some years to come.

I would like to add that I was glad to see you looking your usual vigorous self. Over the years I have found on coming away from your office a renewed enthusiasm for our work and added resolve to perform in compliance with your high standards. This was the case on July 10, thanks to you.

Mr. Sizoo will complete his term of office as President of the FBIRA on December 31, 1970. It has been the practice in the past to present the retiring President of the FBIRA with a small memento in appreciation of his services throughout the year. It is contemplated that retiring President Joseph A. Sizoo will be given an ash tray bearing his fingerprints which will cost approximately \$25. The expense for this ash tray has been defrayed from FBIRA funds in the past.

RADIOGRAPHIC REPORT

CHEST 11-18-70: The nodular soft tissue density which was seen in the area of the left 4th anterior rib interspace on the study of 10-20-69 is not as apparent on this present examination. This area has been tomographed in the past.

There is a small linear area of density projected in the lateral portion of the left mid lungfield which most likely represents a small area of linear fibrosis and is likely of no clinical significance at the present time.

Lung fields are negative for active inflammatory disease. The cardiac configuration and mediastinum are radiographically normal.

CONSULTATION REPORT

This patient had a left thoracotomy for a pulmonary nodule on 10/29/69 by Doctor Peabody. The lesion was a healed granuloma...most likely a histoplasmosis. PPD skin tests have always been negative.

Physical examination is essentially negative except for a well healed left thoracotomy scar and a small shotty right supraclavicular node.

X Chest x-ray shows no evidence of active pulmonary parenchymal disease.

Impression: No active chest disease...status post wedge resection for non-tuberculous granuloma of the left lung.

I don't feel that the shotty right supraclavicular node represents active granulomatous disease.

Mr. Joseph A. Sizoo

Dear Sizoo:

I have received the copy of your letter of March 5th to Senator McGovern and want to thank you for your vigorous defense of the FBI against the absolutely unwarranted charges he has leveled against the Bureau in recent weeks. Your comments attacking the authenticity of the letter Senator McGovern has received allegedly from ten unidentified Agents are most perceptive and place that criticism in its proper light.

Sincerely,

J. Edgar Hoover

Dear Senator:

I have been following with considerable interest and genuine concern your highly questionable attack on J. Edgar Hoover. Normally such tactics might be dismissed as being largely politically motivated--that is, the old-time mud-slinging method of attacking someone who stands in very high repute so as to bring one's own name into the limelight which might not otherwise be possible on personal accomplishments. However, the fact that a man in your position would resort to using an unsigned letter allegedly prepared by Special Agents now in the service of the FBI in the manner that you have seen fit to do is almost beyond understanding or acceptance by reasonable men. You are a duly elected representative of the people constantly claiming to be concerned about the rights of others. Yet, you allowed yourself to fall into the trap of criticizing Mr. Hoover on the strength of an anonymous communication. Would you not be the first to criticize the FBI for use of "faceless informers"--which is what your use of that letter amounts to--if in fact it was written by one or more employees now in service, which I doubt. In fact, I am thoroughly convinced that the communication was not authored by personnel now in the service of the FBI. There are numerous elements of the letter which suggest it is spurious and, while my conclusion is based on many years of service in the FBI, I must confess being surprised that you yourself might be duped by such a document.

Mr. Hoover, of course, does not need a letter such as this in his defense and yet I feel compelled to write to you concerning this matter in order to express my personal reaction which I know is shared by my associates. Be assured the attitudes expressed in the anonymous letter do not represent those of any of the personnel with whom I have come in contact in more than thirty years of service as a Special Agent of the FBI and as an official at FBI Headquarters.

Very truly yours,

Joseph A. Sizoo

**JOSEPH A. SIZOO
NUMBER ONE MAN - INSPECTOR
DOMESTIC INTELLIGENCE DIVISION**

Mr. Sizoo has continued to discharge his duties and responsibilities as Number One Man and Inspector in charge of the Internal Security and Research Branch of the Domestic Intelligence Division in such an exemplary manner as to merit an Outstanding performance rating for the period April 1, 1970, to March 31, 1971.

Mr. Sizoo has an excellent over-all knowledge of Bureau operations and performs his duties in a most aggressive and enthusiastic manner. He makes a very mature and businesslike appearance and inspires the respect and confidence of his associates. His personality and manner are such as to enable him to effectively represent the Bureau in all situations, and without question he is dedicated to the best interests of the Bureau.

There was an extensive reorganization of the Division during the rating period, and he contributed in an outstanding manner toward working out details in connection therewith. As Number One Man, he acts as head of the Division in the absence of the Assistant Director. He very ably handles contacts with other divisions at the Seat of Government and the field, as well as with officials of other Government agencies in regard to matters handled in the Domestic Intelligence Division.

Throughout the year, Inspector Sizoo has been of considerable assistance to his superiors, and in view of his long record of outstanding performance, he is entitled to the over-all rating of Outstanding.

Philadelphia teletype dated 4/28/71 (attached) set forth details of a plot by the Coalition to tie up Washington, D. C., and long-distance telephone lines on May 3, 4, and 5, 1971. The ^{original} teletype was received in the Domestic Intelligence Division (DID) at 9:49 AM Wednesday, 4/28/71. The Director requested explanations as to why DID did not call this matter to his attention.

Memorandum Mr. Sizoo to Mr. Brennan dated 4/28/71 (attached) explains that Mr. Sizoo discussed this matter with Mr. Tavel of the Files and Communications Division, at 9:30 AM, 4/28/71. Tavel advised he was preparing a memorandum recommending telephone company officials be advised of the plot. Sizoo explained since Tavel was preparing a memorandum he did not think it necessary to send original to the Director. In his addendum Assistant Director Brennan explained he has examined handling of the matter and since it appeared Tavel prepared a memorandum and attached a copy of the teletype, "the Director was adequately informed." The Director noted, "I do not agree. The first I knew of it was long after teletype had been in the Bureau."

OBSERVATIONS:

REC-138

67-57045-443

9 MAY 26 1971 *7*

The Director agreed to routing of teletypes directly to interested Division only with understanding that each Assistant Director assume full responsibility for immediately calling to his attention pertinent items such as this teletype. Usually this is handled by attaching a short note to the teletype and routing both to the Director. It is a speedy and effective way to keep the Director advised.

2 ENCLOSURE
HANDLED SEPARATELY

Sizoo's assumption that Tavel's memorandum handled the matter is incorrect. Tavel advises under no circumstances did he state or imply that his memorandum would handle substantive phases of matter. Clearly, Sizoo should have instructed that teletype be immediately sent to the Director together with a short note in accordance with accepted practice. Had this been done the Director

would have been aware of these developments at a fairly early hour in the morning. As it was the first he learned of the teletype was when he received Tavel's memorandum at 3:17 PM.

Mr. Brennan's comment that the Director was "adequately informed" misses the point -- which is why did it take so long for the information to reach the Director.

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

Communist Party USA continues with 11 members National Committee. SOLO operation continues to furnish highly valuable information. White House and Attorney General being promptly advised pertinent developments by Division. Accomplishments domestic intelligence substantial during inspection period. Careful investigation Venceremos Brigade subjects ordered with prosecution to be fully explored. 74 double agents currently operated against Soviets (67 last inspection). 227 under development as potential double agents (207 last inspection). 5 defectors-in-place all out of country at present time. Same as last inspection. 3 Soviet persona non grata cases since last inspection. One pending removal action. 59 double agents furnish valuable information 7 satellite countries - 56 last inspection. 908 Soviet and 414 satellite officials in United States of which 326 known or suspected intelligence agents. Nationalities Intelligence Section directing operation of 9 active and 15 potential double agents against Cuban Intelligence Service. 10 suspected Chinese agents in United States. Informants on Chinese intelligence matters decreased to 90 from 103 last inspection. Communist China recognized by Canada and opening Embassy in Ottawa. Canadian intelligence estimates at least 50% Chinese intelligence from Embassy will be directed against U. S. Strong possibility also exists China will be admitted United Nations next time matter presented for vote (9/71). Inspector instructed programs be initiated now to prepare for above eventualities.

Unfavorable trends detected in review of espionage investigations indicating lack of aggressiveness in affording field hard-hitting direction and instructions certain cases which have potential for highly important development defectors-in-place. Division instructed immediately reevaluate present program for purpose of accomplishing hard results now, and suggestions for necessary stimulation this vital program made.

Foreign liaison operations effectively supervised by unit following dissolution of Liaison Section 7/70. Offices at Beirut, Caracas, Copenhagen, La Paz, Managua, Tel Aviv opened since last inspection. Legat personnel increased from 60 to 88.

Research Section continues to prepare large volume valuable specialized summaries and studies. Section and Division exercising careful judgment in dissemination of material outside of Bureau in keeping with current instructions.

Total security matters pending in field 12/31/70 - 63,641, up substantially since last inspection. Further increases will result from ^{recent} lifting of moratorium on investigation and reporting on Security Index subjects. Security and potential security informants increased. No field delinquency over 7% in last 6 months in any classification supervised by Domestic Intelligence Division. Subjects on Security Index increased 8.2% since last inspection - total now 12,084.

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

Administrative Operations - Very Good (Last Inspection - Fair). Front Office and section supervision generally effective. Division reorganization 12/16/70, involving primarily movement Racial Intelligence Section to Espionage Branch, has resulted in better balanced work load. Clerical production, odd-hour shifts (justified), records management, economy of operation, automatic data processing, dissemination all checked carefully and being afforded close attention. No unnecessary delays in handling mail or files noted. No errors affecting fringe benefits noted in time and attendance records.

Suggestions made to improve routing Racial Informant mail, redirect defectors-in-place program, strengthen our efforts against Communist Chinese intelligence, and revise Racial Informant Status Report. Suggestion also made to strengthen New Left informant program and to include compilation statistical accomplishments, same as racial and criminal informants, for budgetary purposes.

No substantive errors detected. Stenographic production well above production last inspection.

Personnel Matters - Very Good (Last Inspection - Very Good). Approved complement 306 (116 Agents and 190 clerks) -- down 10 Agents and up 4 clerks since last inspection. Division requested 4 additional Agents (2 Racial Intelligence Section - 2 Special Coordination Unit). 2 of 4 justified - approved (handled separately). 118 Agents and 191 clerks (1 additional approved during inspection) adequate but not excessive. Division funds audited and in order. No Agents on probation or overweight. 3 on limited duty - productive - retention justified. Morale appears high.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and Division officials maintain valuable high-level contacts, all in a position to furnish information and services of interest to Bureau in domestic and foreign fields.

RECOMMENDATIONS

1. Assistant Director Charles D. Brennan, EOD 4/19/48, aged 47, GS-17 at \$33,631, not on probation, in Division since 1/30/58. Appointed Assistant Director 8/1/70. Dear Mr. Sizoo:

It has been determined that you were derelict recently in failing to immediately make available to me an incoming teletype together with a short note in accordance with accepted practice. It was your responsibility to insure that pertinent material of this nature reached my office promptly and your assumption that the matter was being handled by another division is not valid. It is evident that you exercised poor judgment in this instance.

You will be expected to discharge your future duties in a more alert and efficient manner so there will be no recurrence of a delinquency such as this.

PA AND LAT CHEST: ~~No previous films are available for comparison.~~
The patient does have some fibrotic areas in the left mid lung fields, with what appears to be pericardial pleural adhesions slightly elevating the left apex. These appear chronic; but comparison with previous films is recommended for confirmation. The lung fields appear to be free of any active infiltrate and the cardiac silhouette is not enlarged.

OPINION: Probable post-inflammatory fibrotic changes in the left lung as described.

**ORGANIZATION
SPECIAL INVESTIGATIONS OFFICE**

In connection with the creation of the Special Investigations Office (SIO), my memorandum dated 9/13/71, which was approved, set forth the organization plan for the SIO and listed Special Agent personnel assigned from the Domestic Intelligence Division (DID) to staff the SIO, including Supervisor Joseph M. Sizoo who was previously assigned to the Research Section of DID.

DID statement on manpower in the recent DID inspection, which had the concurrence of the Inspector, indicated that Supervisor Sizoo was then involved in assisting in background research on [redacted] but was to return to the Research Section, DID when that work was completed. b6

With the creation of the SIO, Supervisor Sizoo was moved to the SIO to continue the research. Sizoo is completing his assignment and will return to Research Section, DID, on 10/4/71.

Research Section handles a wide variety of assignments involving research, study and analysis of all phases of work handled in the Division. Weekly publications such as FBI Summary of Extremist Activities and FBI Current Intelligence Analysis, and monthly documents such as "The Extremist Speaks," Digest of Civil Disorders, and Intelligence Calendar of Major Events are but a few of the important research projects which provide the White House, Attorney General and other high-level Government officials valuable intelligence data affecting the national defense.

Demonstrations, civil unrest and acts of violence, including attacks on police, are continuing. The coming national elections will unquestionably give rise to increased demands by the White House for up-to-date data relating to extremist elements and radical efforts to foment rebellion and insurrection. Work load of the Research Section, which was already heavy, was made heavier as result of reassignment of one Agent on recommendation of the Inspector during our August inspection. SA Sizoo was strictly on loan to the Special Investigations Office for a specific research-type assignment, and our personnel requirements and needs have been based on the strictly temporary nature of this assignment. This fact was clearly stated during our recent inspection and cognizance was made of it in the Inspection write-up. His journalistic background and research experience are absolutely essential to the continued production of quality intelligence data which is a credit to the Bureau.

It is to be noted that SA Sizoo's return to Research Section does not increase the Section SA complement, since we have been listing a vacancy caused by his being detached to Special Investigations Office.

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

being closely coordinated with Special Investigative Division. Instructions issued to continue aggressive and intensified coverage of terrorist elements. High-level penetration of Communist Party, USA, continued with 11 members in the National Committee. SOLO Operation furnishing highly valuable information. White House and Attorney General continue to be promptly advised of pertinent developments. Accomplishments Domestic Intelligence Division substantial during period covered by inspection. 70 double agents presently operated against Soviets (74 last inspection). 3 defectors-in-place (DIP) in Soviet bloc (no DIPs last inspection in this country). 63 double agents furnish information concerning 7 satellite countries (59 last inspection). 3 Soviet illegal agents identified -- none last inspection. 658 Soviet officials (including working wives) and 373 satellite officials (including working wives) in the U. S., of which 193 Soviet and 115 satellite are known or suspected intelligence agents.

Nationalities Intelligence Section directing operation of 11 active and 21 potential double agents in Cuban intelligence field, which is increase in each category since last inspection. Chinese Communist (CHICOM) Embassy in Canada became operational since last inspection. 9 of 26 members Embassy staff are known or suspected intelligence officers. With possibility of China's being admitted into United Nations, 5 programs for covering CHICOM intelligence activities have been proposed by this Section for immediate implementation. Inspector ordered this expedited. 9 supervisors assigned to Daniel Ellsberg leak case. Appears adequate and necessary due to volume of work and importance of case. Inasmuch as Department requesting additional investigation by Bureau based on daily teletypes disseminated to them, DID instructed to immediately notify Department that Bureau fully intends to conduct all necessary, logical investigation based on information appearing in teletypes, results of which will be furnished. Foreign liaison operations increased to 17 offices due to desires of White House for high-level political intelligence. Program highly productive. Recommendations regarding further increases at request of President (5/71) handled separately.

Research Section continues to prepare and disseminate at highest Government levels valuable daily, weekly and monthly summaries and highly specialized intelligence publications relating to broad spectrum of security - intelligence responsibilities of Bureau. Since last inspection, two special publications (Black Panther Party, Year of the Urban Guerrilla) were prepared and used in connection with Director's testimony before Senate Appropriations Committee and special meeting of Police Chiefs called by President regarding police killings. Section and Division affording close attention to dissemination of material outside Bureau to insure such is absolutely necessary.

Total security matters pending in field 8/31/71 - 61,841 -- down 1800 matters (2.8%) from 63,641 as of 12/31/70. Security and potential security informants

Memorandum to Mr. Tolson
Re: Inspection - Domestic Intelligence Division

increased. Field delinquency slightly above 7% during last 6 months in security matters (4 months) and racial matters (2 months) classifications due to specials (EASTCON) and MEDBERG) and guarding Resident Agencies. Field being followed closely. Subjects on Security Index increased 5.7% since last inspection to 12,750.

Administrative Operations - Very Good (Last Inspection - Very Good). Records management, clerical production, dissemination matters, operations, economy, and odd-hour (justified) shifts examined and found to be receiving continuous close attention. Supervision by front office and at Section levels generally adequate and effective. Further use and implementation of Automatic Data Processing stressed. Through Division efforts new criteria for establishing pending case load instituted. Will insure uniformity and considered an improvement. Division work carefully reviewed for purpose of reassigning manpower to higher priority work. Mail and files being handled without unnecessary delays. No substantive errors detected. Suggestions made to improve operations including automating some intelligence data and informant indices, handling of payments to informants, preparation of Interview Report Forms (FD-302s) in security investigations, utilization of inserts in criminal matters by Legal Attaches, wider dissemination of Black Nationalist Photo Album, and up-dating information on photos. Also suggested that more effort be made concerning Black extremists in penal institutions and consideration of members of Young Socialist Alliance for inclusion in Security Index.

Personnel Matters - Very Good (Last Inspection - Very Good). Authorized complement - 319 (120 Agents and 199 clerks) -- up 4 Agents and 9 clerks since last inspection. Current inspection determined Division had 11 Agents who could be assigned to higher priority duties. 11 Agents reassigned to newly formed Special Investigations Office (SIO) reducing DID Agent complement to 109. DID can operate at this level; however, as Ellsberg special diminishes, personnel can be absorbed back into Division. Inspector's analysis indicated DID complement clerical personnel could be lowered by total of 7. 6 being reassigned to SIO. One will be deleted by attrition. New DID clerical complement 192. Division funds in order. No Agents on probation or overweight. 3 Agents on limited duty - productive - retention justified. Morale satisfactory.

Contacts - Excellent (Last Inspection - Excellent). Assistant Director and Division officials continue to have valuable, high-level contacts and all appear to be in positions to furnish information and services of interest to the Bureau in domestic and foreign fields.

APPLICATION

- ☒ The "Application for Retirement" will be forwarded by the Bureau to the Civil Service Commission (CSC) for approval.
- ☒ The enclosed "Application for Retirement" should be executed (or changed as indicated below) and promptly returned to the Bureau for forwarding to the Civil Service Commission (CSC) for approval. The information sheet attached to the application is for your records and you should detach it before sending in the application.

DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. Return this form to the Bureau.

- ☐ Not applicable.
- ☒ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ **820**.
- ☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ _____.

ANNUITY

1 Annuities are computed on **21** months of service. The estimated annuity below is based on your ☒ Bureau service, including **1** year, **30** months, **3** days of accrued sick leave, ☒ other civilian Government service and/or ☐ military service known to us, totalling **30** years, **3** months, **3** days. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about 2 months after separating from the Bureau's rolls. Separation for disability retirement or for SA retirement cannot be made final until CSC has notified FBI of the approval of your application.

TYPES OF ANNUITY

Married applicants only

	With Deposit	Without Deposit	With Redeposit	Without Redeposit	With Deposit & Redeposit
<input checked="" type="checkbox"/> Reduced Type of Annuity with benefit to Spouse (See over, next to last paragraph, Health Benefits Program)	2018	2014			
<input checked="" type="checkbox"/> Annuity Without Survivor Benefit	2217	2212			
Unmarried applicants only (Including Widowed or Divorced)					
<input type="checkbox"/> Annuity without Survivor Benefit					
<input type="checkbox"/> Reduced Annuity With Benefit to Person having an Insurable Interest					
<input type="checkbox"/> Survivor Annuity (55% of all or the portion of your annuity specified)					

plus annuity for each eligible child.

SEPARATION FROM ROLLS

Since you ☒ will cease active duty ☐ ceased active duty on **5/9/72** your annuity will commence **5/20/72** immediately following the ☒ cease active duty date or ☐ expiration of current accrued annual leave on **5/19/72** earned through **5/19/72**. Item B2 on application ☐ changed to ☐ should be changed to close of business

If ☐ annual leave or sick leave was or will be used by you subsequent to this may change the effective date of your retirement and shorten your total length of service. Bureau should be advised immediately of any such change.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of any accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used prior to the date your annuity commenced, as well as for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Thereafter, this annuity would be Federal income tax-free until you had drawn as annuity an amount equal to the retirement deductions from your salary while you were working. CSC will advise you of this amount.
- ☒ If retirement is not for disability, the "sick pay" exclusion is not permissible. Once you have received in annuity as much as was deducted from your salary for retirement purposes, you are subject to Federal Income Tax on the rest. CSC will advise how much was deducted. Only if you were incapacitated and were granted extended sick and/or annual leave for sick leave exceeding thirty calendar days prior to separation for retirement might you qualify for a "sick pay" exclusion for the leave period.
- ☒ Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service. Internal Revenue Publication, Comprehensive Tax Guide to U.S. Civil Service Retirement Benefits, may be of assistance to you. Note: You are required to file a Federal gift tax return, Form 709, if you elect a reduced annuity with benefit to surviving spouse. In the usual case it is unlikely any tax will be payable; however, a tax return must be filed.
- ☒ You should send CSC over your signature any change in address, setting out your CSA (retirement) number.
- ☒ Following your separation date, you will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ **8880**. A deduction for Federal income tax has been made from this estimate.

FEDERAL EMPLOYEES' GROUP LIFE INSURANCE

- ☐ Records show you elected Optional Insurance of \$10,000 and have Regular Insurance of \$_____.
- ☒ Records show you declined Optional Insurance but are covered by Regular Insurance of \$**38,000**.
- ☐ Records show you waived both Regular and Optional Insurance.

You may continue your group life insurance coverage following retirement or convert it to an individual life insurance policy without being required to undergo a physical examination. Conversion to an individual life insurance policy necessitates paying the usual premium for a person of your age and class of risk. If you decide to convert, the Bureau should be immediately advised. Otherwise, SF-56, "Agency Certification of Insurance Status," will be forwarded to CSC and a copy sent to you. If you elect to continue Regular Insurance coverage, such protection will continue premium free until you reach age 65. At that time coverage will be reduced 75% (at 2% per month) by the time you reach age 68 years and 2 months. The remaining 25% is also premium free for the remainder of life. Optional Insurance of \$10,000, if continued after retirement, will be at full premium cost until you reach age 65. Thereafter, it is cost free for the remainder of life and commencing at age 65 it will be reduced 75% at the same rate as Regular Insurance. The premium cost of Optional Insurance varies as to age, beginning at \$2.82 monthly for persons under age 35 and ranging to \$41.17 monthly for persons age 60 or over. Optional Insurance may be continued after retirement if you continue to pay for it until age 65 provided you keep Regular Insurance. To retain the Optional Insurance requires no action, CSC will deduct the cost from your annuity. You must have had Optional Insurance for all of your service during which it was available (first offered in (1968) or for 12 years immediately before your retirement. Optional Insurance may be converted to an individual policy if you are not eligible to continue it or, if you do not wish Optional Insurance to be continued, you may waive coverage at any time by notifying CSC and still keep your Regular Insurance. Following retirement, double indemnity benefits concerning accidental death and dismemberment no longer exist for either Regular or Optional Insurance.

- ☐ You elected Optional Insurance on _____. If you desire to waive the insurance, you should submit SF-176. If you desire to convert the Optional Insurance, submit in duplicate a signed statement that you want to convert the Optional Insurance to an individual policy and wish to be informed how to do it.

Note: If the annuity of an insured retired employee is terminated under any applicable law or regulation, his regular and/or optional life insurance coverage stops on the date of such termination, with no conversion rights thereafter.

DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE FILED:

- ☒ No. Beneficiary will be in order of precedence used by U.S. Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.
- ☐ Yes; beneficiary designated as _____

This designation is being forwarded to CSC and it will remain valid unless changed or canceled. Contact CSC for any change desired following retirement.

FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

- ☐ Records show you elected not to enroll.
- ☒ Records show you enrolled in the following plan:
- ☐ Government-wide Service Benefit Plan (Blue Cross - Blue Shield)
 - ☐ Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)
 - ☐ Comprehensive Medical Plan
 - ☒ Special Agents Mutual Benefit Association (SAMBA) (See information below on SAMBA Life Insurance)

Unless you cancel your present health benefits enrollment, you will remain under your health benefits plan after retirement, and your enrollment will be transferred to CSC. The cost of your share of the plan will be deducted from your annuity by CSC.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self only."

The original of SF 2810, "Notice of Change in Health Benefits Enrollment," will be forwarded to you by the Bureau at a later date.

SAMBA LIFE INSURANCE - The life insurance you carry under SAMBA on yourself and dependents will continue in force until 1-10 or 7-10 coinciding with or next following the date of your retirement providing you pay the premium semi-annually. However, if premium for this coverage is withheld by payroll allotment, the life insurance ceases as of the date your separation for retirement becomes effective, with a 31-day grace period. If you desire to continue the protection beyond this time, you may do so without a physical examination on you, your spouse, and children under age 21. You may elect to continue to age 70 at group rates 50% of the life insurance on you, your spouse, and children as follows:

Your Pre-retirement Amount	Amount Continued at Retirement	Semi-Annual Cost	Spouse and Children				Semi-Annual Cost
			Pre-retirement Amount	Amount Continued at Retirement	Spouse	Child	
\$ 3,000	\$ 1,500	\$ 3.25					
7,000	3,500	12.25					
8,000	4,000	15.00					
10,000	5,000	20.00					
12,000	6,000	25.75					
15,000	7,500	33.50					
20,000	10,000	48.00					
23,000	11,500	58.50					
30,000	15,000	75.00					
35,000	17,500	87.50					
			Spouse	Child	Spouse	Child	
			\$ 2,000	\$1,000	\$1,000	NONE	\$ 2.25
			4,000	3,500	2,000	1,750	8.00
			8,000	3,500	4,000	1,750	16.00
			10,000	NONE	5,000	NONE	20.00

If you desire to convert 50% of your present life insurance, write within 31 days before your coverage terminates to SAMBA, Suite 750, 1325 G Street, Northwest, Washington, D. C. 20005. You may continue this coverage until January 10 or July 10 which coincides with or next follows your attainment of age 70. You will be billed on a semi-annually basis on January 10th and July 10th. At age 70, this coverage will terminate and you may then convert the amount of life insurance carried with SAMBA on you and your spouse to a regular policy with The Prudential Insurance Company of America.

At retirement the 50% of SAMBA Life Insurance that cannot be continued with SAMBA may be converted to a regular policy with Prudential on you and your spouse, but not on the children. The premium will be the same as if you and your spouse applied for an individual policy at that time. You may make the necessary conversion arrangement through the nearest Prudential Office.

SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI)

If you are a member of SATI upon retirement, you cannot continue the Long Term Disability (In-Hospital Income, Salary Continuation and Pension Supplement). You may continue the Accidental Death, Dismemberment and Permanent Total Disability and the Accident Indemnification at the same rates and amounts to age 65. You may also continue the coverage on your spouse to age 65 and your dependent children to age 18 (or 23 if full-time student.) Upon attainment of age 65 you may only continue the Accidental Death and Dismemberment but not the Permanent Total Disability portion to a maximum of \$25,000 on you and your spouse to age 75. The cost will be 19¢ per month per thousand. Upon the death of an insured employee, the insured spouse and dependent children may continue their insurance until age 65 or age 18. The Accident Indemnification cannot be continued after age 65. If you retire due to disability and belong to SATI, you should contact Wright and Company, Suite 1222, 1001 Connecticut Avenue, N. W., Washington, D. C. 20036.

Dear Mr. Hoover:

It is with considerable regret that I advise you that circumstances have become such as to dictate that I ask for retirement at this time. I would appreciate if action in this connection can be made effective at close of business May 19, 1972.

This action appears to be desirable in light of several factors, primarily revolving around my own health and that of my wife. I have been on limited duty since late last year due to a heart condition which apparently had been aggravated in recent months. I cannot expect the Bureau to carry me indefinitely in such a limited status. My wife has suffered from asthma for the last several years, and I feel we should find a climate in which she can live more comfortably.

REC-148

67-057043-444

I have certainly enjoyed my ~~thirty-six~~ years plus in the Bureau, and I have derived much satisfaction from FBI service. My assignments, which have included one in your Front Office, have been interesting and challenging and I do appreciate the many opportunities which you have made available to me. I shall always be proud of having been a part of the great work the Bureau has done and continues to do under your leadership, and of having been associated with the very fine people who make up the FBI family. This will be a lasting memory.

Your personal welfare and that of the FBI will always be of great concern to me, and if I can be of any assistance I would be most pleased if you would call upon me. I wish you continued good health, and I hope you will remain as the Bureau's Director for many more years to come.

Sincerely,

Lt. Prof.

ADDENDUM: DOMESTIC INTELLIGENCE DIVISION

JNO
JNO:mk1 ^{mk1} 2/29/72

Attached suggestion proposes necessary steps be taken to arrange for the delivery of all subpoenas directed to the Director by name or title to the Office of Legal Counsel, Seat of Government.

COMMENTS OF DOMESTIC INTELLIGENCE DIVISION:

It is apparent that the Office of Legal Counsel is the most logical to cope with the legal aspects of such situations. Acceptance of subpoenas by the Office of Legal Counsel and subsequent coordination with the interested Division will undoubtedly make for a more efficient operation. It is, therefore, recommended this suggestion be adopted.

Dear Mr. Hoover:

There have been many times in my Bureau service that I have been touched by the significance of our FBI family relationship, awed by the tremendous accomplishments through joint effort, and yet still overwhelmed by the personal factors that have existed. This was particularly true this morning when you presented me with my badge and service award plaques. It was an occasion of tremendous pride to me and truly an exciting climax to my career.

I wish to express my sincere appreciation for your taking time from your heavy schedule to make this presentation, and for the personal interest and understanding which you have always taken in my overall welfare. This is typical of your concern for all members of the FBI.

May your own good health continue so that you can carry on the Bureau's important work for years to come.

Sincerely,

Dear Joe,

I have been advised by [redacted] that as a result of his telephonic conversation with you on June 22 concerning the Louis E. Peters Service Award, that an agreeable plan of action has been confirmed. We are enthusiastic about the program and very pleased that the Society will be a part of it.

In discussing the procedures I am advised that the candidates for the award each year will be selected from the region where the annual convention of the Society of Former Special Agents will be held. This will greatly reduce the expenses involved in accommodating the award recipient. As you know, the FBI is unable to use appropriated funds to pay such expenses, therefore, we are asking the Society to facilitate these accommodations where appropriate. These needs should be minimal in view of our plan to select designees from the regional areas.

In looking at the schedule of conventions for this year and the next 5 years, it is interesting to note that recipients of this award would come from such areas as: 1982 - Las Vegas; 1983 - Denver; 1984 - New Orleans; 1985 - Los Angeles; 1986 - Boston; and 1987 - Dallas. We are in the process of contacting our Las Vegas Office immediately for possible candidates for this year's convention. In the future, we will have much more time for our field offices to look for appropriate candidates.

Procedurally, the FBI will select a list of candidates (no more than six); prepare summaries regarding background; basis of selection of candidate, submit the slate of candidates to the Society for purpose of selecting a winner in whatever manner the Society chooses. The FBI will prepare and have ready for presentation at the convention an appropriate award for the recipient.

Dear Joe,

Thanks very much for sending along the comments of a former Agent concerning the television series, "Today's FBI." You have given me the opportunity to explain the FBI's role in the series and also to say some things which I think need saying.

With regard to the New York Times article of September 24th, as you know, reporters are rarely able to capture all the sensitivities of those whom they interview. In my discussion with Mr. Stuart Taylor of the New York Times, I repeatedly avoided efforts on his part to engage in a comparison of the FBI of today with the FBI of yesterday. I think I was reasonably successful with Mr. Taylor as I have been with many other reporters in not contributing to their emphasis in whatever differences there may be between the FBI of the 80s and the FBI of the 60s, both of which I proudly relate to.

Of course, I cannot be responsible for assumptions or conclusions which Mr. Taylor has reached or which are reached by a reader. I do think, however, that one must carefully note the style of an article and, in particular, the use of quotation marks, so that unfair or unwarranted interpretations do not result. For example, if you take a look at paragraph 7 of Mr. Taylor's article, you will note that quotations are used to set off my remarks that we are attempting to "do a better job in trying to get the word out to the public." The following words, outside the quotation marks, "that the F.B.I. today (emphasis added)

is a group . . ." are not my words but those of Mr. Taylor. My point is I did talk about a public relations effort but I did not engage in any comparisons. I might add that it is the policy of my office not to do so. When we talk about the FBI today, we try simply to describe our current activities and directions, including our priorities and techniques. In those discussions where references are made to the past, we do so with pride in our personnel and our professional accomplishments throughout our history. Anyone who has heard Judge Webster speak at the Convention of the Society of Former Special Agents of the FBI can certainly attest to that fact.

As to the television show, "Today's FBI," I think progress is being made by the writers and the actors as they try to capture the nature of the FBI Agent. It is a continuing effort on our part to furnish appropriate guidance along these lines without interfering with the producer's right to exercise his professional judgment. There have been times when the mark may have been missed, but increasingly of late, I think the public is being shown good honest and accurate entertainment. Again, however, our input and control must be limited so that the charge that the show is "FBI propaganda" (although we know the charge will be made) will be invalid.

By the way, although perhaps the difference is subtle, we did strongly object to their entitling the series "The New FBI." The reason for that objection was because we do not consider ourselves to be "new" - perhaps different in the same way that the FBI has changed over the years, but we are still a reflection of the FBI of yesterday and we are strengthened by the contributions of those who served before us and also by those who continue the support of us.

I hope this letter will be of some help to you, Joe, in answering the comments which have come your way. Please feel free to edit it in any way you deem appropriate for use in the "Grapevine," but please do not

Society of former Special Agents

Dear Roger,

It was good to have had a chance to visit with Director Webster, Lee and you on Sunday morning in Atlanta. I believe meetings such as this between FBI and Society officials contributes substantially to the good relationship which exists between us.

You will recall reference during our meeting to the item captioned "Bureau to Polish Shield in a Prime Time Slot" which appeared in the New York Times concerning the TV series "Today's FBI." This news item had been the subject of comment to us. A copy is attached. We received a communication from one Society member calling particular attention to the paragraph which reads as follows: "According to an F.B.I. spokesman, Roger Young, the effort is a part of an overall attempt by Mr. Webster to 'do a better job in trying to get the word out to the public' that the F.B.I. today is a group of dedicated professionals who operate within the law, use sophisticated techniques to combat crime and terrorism, and deserve public respect and cooperation." The writer of this letter then commented "I assume by the wording in the Times that the F.B.I. of yesterday was not a group of dedicated professionals who operated within the law, used sophisticated techniques to combat crime and terrorism, and deserved public respect and cooperation."

You indicated the quoted material in the Times article was taken out of context and you expressed a desire to be furnished with the pertinent portions of this writer's letter in order that you might clarify the matter for the benefit of this writer and other Society members. This communication is prepared for that purpose.

Sincerely,

Joe

The F.B.I.

Bureau to Polish Shield In a Prime Time Slot

By STUART TAYLOR Jr.

Special to The New York Times

WASHINGTON, Sept. 23 — The Federal Bureau of Investigation is putting its image on the line at a tough time under some tough circumstances.

The time: 8 P.M. each Sunday, starting late next month. The circumstances: competition for a prime time television audience against the likes of Archie Bunker.

The objective: to capitalize on heightened public and political concern about crime and add new luster to a law-and-order legend that was tarnished by scandal just a few years ago.

"Today's F.B.I." — starring Mike Connors, the man who played Mannix, and produced by the makers of "Police Story," has been blessed by F.B.I. Director William H. Webster and actively assisted, at taxpayers' expense, by F.B.I. agents. The series, which is being filmed in Los Angeles, will have its premiere on ABC stations Oct. 25.

The series may stir memories of the glory days from 1965 to 1974 when Elmer Zimbalist Jr., an actor hand-picked by J. Edgar Hoover, did weekly battle with gangsters and Communists in the same Sunday evening time slot.

But the F.B.I. under the Reagan Presidency is different from the F.B.I. that Mr. Hoover developed, and the new series is billed by ABC and the bureau as a mirror of today's reality rather than a revival of Mr. Hoover's tattered reputation.

Putting Out the Word

The bureau is actively participating in preparing the show, to the point of having agents suggest plot lines and approve all the scripts. According to an F.B.I. spokesman, Roger S. Young, the effort is part of an overall attempt by Mr. Webster to "do a better job in trying to get the word out to the public that the F.B.I. today is a group of dedicated professionals who operate within the law, use sophisticated techniques to combat crime and terrorism, and deserve public respect and cooperation."

The F.B.I.'s efforts to encourage cooperation also include public service broadcasts, such as an announcement on a Philadelphia radio station urging listeners to call the "F.B.I. Public Corruption Hotline" if "you have any information concerning any known or suspected corrupt activities on the part of public officials."

Mr. Webster also apparently hopes that the new television series will help drive the F.B.I.'s days of illegal break-ins, political spying and character as-

sassination deeper into the mists of memory.

When Mr. Webster, a former Federal appeals court judge from St. Louis, was appointed director by President Carter in early 1978, the F.B.I. was racked by turmoil and its reputation was plunging to an all-time low: Congressional committees were probing a myriad of past abuses and former Acting Director L. Patrick Gray and more than 60 agents were under criminal investigation for break-ins in the late 1960's and early 1970's.

Changes Draw Praise

The new director, now 57 years old, has won praise from across the political spectrum for setting a new standard of respect for the law and better priorities in enforcing it and for restoring public confidence in the bureau's professionalism.

But he faces new tests. The clamor from the Reagan Administration and conservatives in Congress for a maximum effort to fight violent crime and political terrorism has raised questions in the bureau and elsewhere about the possible reversal of some of the trends with which Mr. Webster has been identified.

Administration officials are considering proposals to relax Justice Department guidelines adopted by the Ford and Carter Administrations to keep F.B.I. agents from violating individual rights, despite statements by Mr. Webster that these guidelines have not hamstrung the F.B.I. and

An effort to spread
word that agents
are dedicated
professionals.

that their abolition would provoke "a storm of protest within the bureau."

In Pursuit of Bank Robbers

The bureau is considering whether it needs to revive its diminishing emphasis on chasing bank robbers and fugitives from Federal prisons. Such relatively simple, headline-grabbing operations had been a staple of the Hoover years. But Mr. Webster has reallocated limited resources to investigations of political corruption and other white-collar crime, organized crime and the activities of foreign intelligence agents, which can less easily be handled by local police.

The bureau also plans to assume a

THE NEW YORK TIMES

September 24, 1981

bigger role in investigating narcotics trafficking, which is frequently tied to violent and organized crime.

One Webster innovation that will be prominently featured in the new television series is the diversification of the F.B.I., once a virtual white male preserve in which agents were expected to adhere to a rigid conformity in dress, thought and life style.

Mr. Webster has increased the number of women who are agents — none were allowed under Mr. Hoover — to 352, from 94, and the number of blacks to 237, from 144. In the same period the total number of agents has dropped by about 800, to 7,769.

The team of agents in the new series will include a black man and a woman, the latter played by a Radcliffe graduate whose most recent starring role was in underarm deodorant commercials. And the agents in the series will display such un-Hooveresque foibles as becoming personally sympathetic with the subjects of investigations and imbibing an occasional beer.

"We're not going to be able simply to present a whitewash of the F.B.I.," Mr. Young said. But he noted that Mr. Webster had granted his legally required permission for commercial use of the F.B.I.'s initials and official seal only after seeing and approving a film of the pilot episode. He could withdraw this permission if he does not like subsequent episodes.

"ABC wanted the seal, that was very important to them," observed David Gerber, the show's producer.

Gentlemen:

The Socialist Workers Party (SWP), its youth group, and several of its members filed suit for damages and injunctive relief in 1973. Damages were sought from three Special Agents, the FBI, and others. It is a pleasure to notify you that the individual liability of the three Special Agents - and John Malone - was resolved when the claims against them were dismissed at the beginning of the trial.

b6

The trial began in early April and the presentation of evidence concluded at the end of June. A decision is not expected until the end of this year and you will be notified when it is received.

Judge Webster was required to remove himself from any involvement in the case as Director because he was a member of a three-judge panel which had ruled on an earlier appeal in the same case. The litigation became my responsibility, and, with necessary assistance from several Divisions, a task force was formed in September, 1980, which included one former Special Agent.

John P. Thomas, who retired from the Intelligence Division a few months before the task force was formed, became a key member of it. His knowledge of Bureau policy, practices, and personnel was invaluable to the rest of the Bureau team

and to the other Government attorneys. Many of you recall John as a dedicated and tireless employee. Retirement did not change him. The FBI is certainly indebted to him for his efforts.

Many other former Special Agents were involved in trial preparation, including:

b6

William K. Lambie

John F. Malone
Norman H. McCabe

Joseph A. Sizoo

W. Raymond Wannall

J. Walter Yeagley

As the plaintiffs' case progressed into and through its second month, it became obvious that several of the FBI's witnesses were no longer required. The time and effort of those willing and prepared to serve is nevertheless appreciated.

b6

Society of Former Special Agents of the
Federal Bureau of Investigation, Inc.

Joseph Sizoo, Norman McCabe and [] testified primarily about surreptitious entries. On the day they testified, a veteran court observer told one of the FBI attorneys: "You should have kept them till last; they're awfully good witnesses." He was equally complimentary after the testimony of all the former Special Agents.

Ray Wannall testified as a former Assistant Director of the Intelligence Division about the Bureau's authority and use of various investigative techniques, particularly COINTELPRO. In his concluding statement, the trial judge specifically mentioned the COINTELPRO presentation as one which was: "developed in really a very sophisticated way with a great sense of the nuances, the subtleties that are involved in these very complicated legal matters." Ray Wannall spent a great deal of time on behalf of the FBI both on and off the witness stand and deserves special recognition.

[] was called as a witness by the SWP. Although it was more than fifteen years since [] served as Case Agent for the investigation, his memory was so keen and the reasonableness of his actions so apparent that his testimony served more to buttress our case than to weaken it, even though he was testifying as plaintiffs' witness. [] agreed to return during the Government's case and was equally effective.

b6

The testimony of [] also went a long way toward establishing the propriety which has always characterized the manner in which we have handled informants.

b6

This letter would be incomplete without mention of a "non-Bureau" witness. Former Attorney General Herbert Brownell testified unequivocally that officials outside the FBI were aware of surreptitious entries during his years as Attorney General and that they were authorized.

Society of Former Special Agents of the
Federal Bureau of Investigation, Inc.

The testimony of those involved in events being litigated is required for the successful defense of this type of civil action. Most of the events being questioned in the SWP and similar civil actions happened several years ago and it undoubtedly will be necessary to again call upon your membership for assistance. With your continued cooperation, the likelihood that the FBI will prevail is greatly increased. The men and women of the FBI recognize and appreciate the efforts of the members of your organization who helped in this lawsuit.

Sincerely yours,

JOSEPH A. SIZOO BY SSC STAFF MEMBERS

Reference is made to prior memorandum dated October 7, 1975, reporting the results of an interview of former FBI Inspector Joseph A. Sizoo by SSC Staff Members on September 23, 1975.

The following concerns an interview of Sizoo on February 23, 1976, by SSC Staff Members. Sizoo's account of the results of this interview was voluntarily furnished by him to the FBI and is as follows:

"In accordance with the request of [redacted] of the Senate Select Committee, I appeared at the office of that Committee at 1:00 p.m., on February 23, 1976. We went to an office in an adjoining building where I was advised by Senator Charles Mathias that I was appearing voluntarily, that I was not required to testify, that I could have counsel present if I wished and that I could terminate the questioning if I desired. Thereafter, I was sworn in by Senator Mathias who thereafter left the room and the questioning was undertaken by Attorneys [redacted] and [redacted] who was also present, was identified as having worked on the case for the Committee but was not an attorney. The questioning was taped and took approximately 2½ hours. After being advised that the questioning would relate exclusively to the investigation of Martin Luther King, I asked to make a general statement concerning this investigation by the FBI. I stated as follows:

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

"Statement

"I consider that the FBI had a valid basis for investigating Martin Luther King to determine the extent of communist influence being exerted on him. Allegations and inquiries had been received from many sources, including members of Congress, the White House and the Department of Justice, concerning the possibility King was under communist domination or influence. Many suggested FBI inquiry in this connection be made. The President and the Attorney General were aware the FBI instituted investigation. Attorney General Robert Kennedy approved the use of telephone surveillances. The investigation did establish a person reported to be a communist to be on the Southern Christian Leadership Conference (SCLC) staff as well as a communist contact by King outside his regular staff. The results of the investigation were disseminated to the Attorney General. The President and the Attorney General were both concerned and Attorney General Robert Kennedy spoke with King about it. Certain steps were taken to neutralize the communist influence on King. Whether or not each was fully justified may be a matter of judgment. Certainly in the main all were designed to counter the efforts of the Communist Party in this general area, and were not intended as harassment of King or to affect his constitutional rights. Instructions issued to the field called for the approval at FBI Headquarters before the implementation of any such actions. Some were approved; others were disapproved. However, to my knowledge, the anonymous letter to King, which has been the subject of news comment, was never submitted for official approval. I am certain Mr. Hoover would never have approved any letter which might have been interpreted to encourage suicide, although I do not personally believe this to be the logical implication in the letter. From what I have seen in the press, and I have no other knowledge concerning it, I think

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

it much more logical that the writer intended to suggest King's withdrawal from the movement for racial equality, that his presence in the movement under the circumstances, that is under communist influence, was detrimental to the movement. Press statements indicate a draft of the letter was found in the papers of a former Bureau official, who has denied knowledge of the letter. At any rate it is quite apparent the letter was never approved by Mr. Hoover, he had no knowledge of it, and there was never other official Bureau approval for this letter.

"It should be noted that, at the time of this inquiry, Mr. W. C. Sullivan was the Assistant Director in Charge of the Division and he took personal interest and supervision in this case, often dealing directly with the supervisor to whom the case was assigned without discussion with intervening personnel, and I was an intervening official at the time. Thus he is in the best position to answer questions concerning the investigation of King. However, his statements must, of course, be evaluated in light of his forced retirement by Mr. Hoover, the causes of this action and subsequent developments.

"End Of Statement"

"I was then asked if I could name the specific members of Congress who, according to my statement, had made allegations or inquiries concerning possible communist influence over King. I said I did not recall the names of specific Congressmen but had a clear recollection several such inquiries had been received by Bureau officials. I was then asked to define the term 'neutralize' as used with reference to communist influence. I said I meant 'to render ineffective' in using this word.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

"I was then asked if advising the Attorney General was an effort at neutralization of Communist Party influence over King. I said it could be so interpreted as the Attorney General thereafter called King in and discussed the matter with him. I was then asked what the basis for the Cominfil of SCLC and King was. I said it was based on allegations that King was under substantial communist influence by members of SCLC staff and others. I was then asked what the general rules were for the opening of a Cominfil investigation. I said that such an investigation would be considered on the receipt of information alleging substantial communist domination or influence from a credible source concerning an organization of significance to our society. I was then asked if there was a set period for the running of such an investigation and a set time for termination. I said this would depend on the facts in the particular case and a decision would be made when the case was reviewed. I was then asked if the King case was set for periodic review. I said it received almost daily review. I was then asked if King was actually influenced by communists and how much. I said I felt he had been influenced specifically when he was considering the March on Washington as he was encouraged by a Communist Party member to hold the March, and the Communist Party had an interest in the March, but the extent to which King was influenced is difficult to assess. I was then asked if I could also recall any other instance where the Communist Party had pressed King to take action of interest to the Communist Party. I said I did not recall specific instances but he was under constant exposure to such influence. I was then asked if the FBI was upset because of the action taken by the Department in discussing the matter with King. I said 'not to my knowledge.'

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

"I was then shown a copy of a memorandum dated October 25, 1963, prepared over my name concerning the recovery from other agencies of a monograph relating to communist influence in the racial movement. I was asked who had requested the recall and why it was recalled. I said I did not remember any facts concerning the incident. I was then advised the Attorney General had ordered its recall and then asked if this refreshed my memory to the extent that I could recall why he had so instructed. I said that I did not so recall.

"I was then shown a copy of a memorandum dated December 24, 1963, dictated by Mr. Baumgardner over Mr. Sullivan's name concerning a conference which included field personnel from Atlanta and related to the Bureau's investigation of King and the SCLC. I was shown as being in attendance and was asked if I could recount the discussion. I said I could not recall any details of the conference, that I doubted if I was present during much of the conference as Sullivan and I were seldom away from the Division at the same time, that I may have been present for a few minutes and then undoubtedly Sullivan remained to run the conference and I returned to the front office of the Division (Sullivan and I were under instructions from the Director not to both be away from the Division front office at the same time). I was asked if this memorandum represented a change in direction of the Bureau's investigation of King, that is from an investigation of determining communist influence to one designed to remove King from the racial movement. I said I did not recall any specific discussion to this effect although the language of Mr. Sullivan's memorandum would suggest that the latter thought had been added; however, our basic interest was one of communist influence. I was then asked if I recalled if the

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

recommendations in this memorandum had been carried out. I said I could not specifically recall though I presumed some of them had been, mentioning the recommendation concerning the checking of files with reference to other staff members of SCLC. I was pressed for a specific recollection of any action taken in furtherance of the fifth recommendation concerning possible action to embarrass King and thus force his departure from the leadership of SCLC and the racial movement. I said I could not specifically recall what action had been taken. The questioning returned to this issue several times. Efforts were made to refresh my memory by saying that Mr. Adams said 25 actions were taken to discredit King. I was then asked if I could recall any of the actions to which Mr. Adams made reference. I said I could not but, if they wished to show me the list, I would be glad to look at it. They did not do so but returned to the memorandum referred to above and asked me to reread the fifth recommendation to see if I could recall any such specific action. I said I could not so recall. Postal then insisted that certainly steps were taken to carry out the recommendation and I should be able to recall such action. I pointed out that it might well be that subsequent developments dictated a change in this recommendation and its provisions may not have been entirely carried out. Furthermore, I noted we were talking about matters that took place 12 to 15 years ago and I did not recall specific details. I was also asked a series of questions concerning counterintelligence actions and to name specific counterintelligence actions which might be taken in any case. I named the standard action, such as physical and technical surveillances and also the use of anonymous letters such as the one referred to in my opening statement. I was asked if I could recall any other anonymous letter being used in this case and I said I had no such specific recollection. I

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

was asked to name other counterintelligence techniques which might be used in any case, whereupon I asked what purpose such a line of questioning had in this interview. [] said he thought it might serve to refresh my recollection of actions of like nature taken in the King case. I said I thought further discussion along these lines was pointless, that I was satisfied it would not bring to mind any specific such actions in the King case.

b6

"I was also shown a copy of a memorandum dated January 6, 1964, concerning the authorization of microphone coverage to develop 'intelligence and counterintelligence information' and asked if the term 'counterintelligence' as used here meant the development of data as to King's personal conduct or misconduct. I said as far as I knew it related to the communist influence inquiry we were then making as to King.

"I was also shown a memorandum prepared by Mr. Sullivan in which he mentioned the possible removal of King from the civil rights movement and recommended that a man named [] be groomed as a replacement rather than leave a vacuum and have many of King's followers end up in the Muslims or similar group. Sullivan referred to King in this memorandum as 'an avowed communist.' I was asked the basis for this statement; specifically, did King himself make the statement? I said that, while I did not recall the details, I did recall that an individual who had been in contact with King referred to him as an avowed communist who would not join the party because he was a minister. It was not clear in my memory if this was based on a specific statement by King or a conclusion drawn by the contact. [] then referred to the language in the second paragraph concerning King and asked if Mr. Sullivan or Mr. Hoover had a vendetta against King. I said that the

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

memorandum suggests that Mr. Sullivan felt strongly that King was a detriment to the civil rights movement but most certainly neither Mr. Hoover nor Mr. Sullivan could be said to have had a vendetta. I was then asked if Mr. Sullivan ever said he was out to 'get' King. I said I didn't recall Sullivan's having made such a statement. I was then asked what Sullivan had said to reflect his feelings toward King. I said I believed I could recall statements similar to those which appear in paragraph two of the memorandum in question, that I thought it portrayed his feelings. I was then asked by [] how I felt about King. I said that I did not feel as strongly as Sullivan but did feel that it was unfortunate that a man highly placed in the civil rights movement insisted on continuing contact with members of the Communist Party even though he had been warned by the Attorney General and Assistant Attorney General Burke Marshall against such association. In this connection, I had been shown a copy of a memorandum by Courtney Evans relating to a discussion with Burke Marshall who said he had discussed this with King. Marshall also made some reference to a leak in the King case which resulted in a notation by the Director concerning 'passing the buck' to the Bureau as to leak. I was asked to interpret Mr. Hoover's notation, but said I thought it spoke for itself. Reference was then made to a notation by Mr. Hoover at the foot of the memorandum concerning the replacement of King by [] in which the Director commented to the effect that finally Domestic Intelligence Division officials were realizing King was under the influence of communists. I was asked if Mr. Hoover's notation carried with it the approval of the recommendation of the memorandum. I said I thought that approval was implied. Then I was asked if the recommendation had been carried out and I said 'not to my knowledge.' I was then asked why Mr. Hoover had made such a statement, if Mr. Hoover's comment criticizing the

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

Domestic Intelligence Division officials indicated a special attitude on his part toward King and the civil rights movement, and what would have motivated such a remark. I said, of course, Mr. Hoover did not have a 'special attitude' toward King and/or the civil rights movement; however, I had no doubt he was frequently subjected to comments by other Government officials, Congressmen and others about the alleged communist influence surrounding King with the strong advice that something should be done about it.

"I was also shown a memorandum dated August 24, 1964, which I wrote authorizing microphone and telephone coverage of King in the Newark Field Division. I had approved the installation in the interest of time and noted we did not need new Attorney General authority for the telephone surveillance as he had previously approved coverage on 'any residence' to which King might go. I was asked if I thought this included a hotel and I said I did. I was then asked if I thought the original approval of October, 1963, was still applicable in August, 1964. I said I thought it was. I was asked if we were not required to get Attorney General approval of a microphone installation. I said 'not at that time.'

"I was asked why this investigation had run so long, why it had not been discontinued. I said that King had not divorced himself from all communist contact and therefore the investigation was continued.

"I was also asked if I recalled action taken to discredit King with a religious group, at Marquette University and in similar situations, and I said I did not specifically recall those actions.

SENATE SELECT COMMITTEE ON INTELLIGENCE ACTIVITIES (SSC)

RE: INTERVIEW OF FORMER FBI INSPECTOR BY SSC

"I was asked if I thought the investigation of King was a valid one and I said I did. I was asked if we had any other Cominfil investigations similar to the King case and I said I did not recall any. This terminated the interview. However, while waiting for an elevator after leaving the interview room, a remark was made by [] concerning my inability to recall more specific counterintelligence actions. I again mentioned the number of intervening years, the thousands of matters handled in the interim prior to my retirement and the fact that, for security reasons, each retiring or resigning employee at time of debriefing was admonished to remove from his memory to the extent possible the facts concerning confidential Bureau activities to which he was privy as an employee, and that I had taken these admonishments seriously."

Sizoo's handwritten account of the interview was furnished to the FBI and was copied as is by a Bureau stenographer.

Re: Socialist Workers Party, et al. v.
The Attorney General, et al.
(U.S.D.C., S.D. New York)
Civil Action No. 73 CIV 3160 (TPG)

Dear Mr. Sizoo:

The purpose of this letter is to advise you that plaintiffs in captioned civil action have requested the identities of FBI employees whose names appear on documents revealing FBI break-ins directed against plaintiffs from 1960 through 1966, and that the United States Attorney's (USA) Office, Southern District of New York (SDNY), has indicated it will furnish your name in response to this request.

By way of background, the Socialist Workers Party (SWP), its youth group, the Young Socialist Alliance (YSA), and fifteen individual plaintiffs filed a complaint in this civil action during July, 1973, alleging that defendants have denied them constitutional rights as a political party. They seek money damages as well as broad injunctive relief. Defendants include the Director, FBI, and other governmental officers as well as John F. Malone, former Assistant Director in Charge, New York Office, and Special Agents presently assigned Milwaukee Office, and , presently assigned New York Office.

Pursuant to discovery orders, the Department of Justice, via the USA, SDNY, has produced a substantial volume of FBI documents in this civil action. Documents released

Mr. Joseph A. Sizoo

include those which reveal that from 1960 through 1966, the New York Office conducted 93 break-ins against the offices of SWP and YSA in New York City. When the break-in documents were produced, your name was deleted from them. b6

The USA's Office, SDNY, recently advised that plaintiffs have requested that they be furnished the identities of FBI personnel whose names appear on the entry documents. After exploring the matter with the Department of Justice, they see no sufficient legal ground for denying this request. Accordingly, information requested will be released to plaintiffs in the near future. AUSA [redacted] SDNY, has indicated that plaintiffs attorneys have stated to him that they will depose certain individuals whose names appear on the documents in an effort to obtain information to prosecute their lawsuit.

In the event your deposition is noticed (you are notified your deposition will be taken) by plaintiffs, you may request Departmental representation. The Department has indicated, however, that potential conflicts of interest may preclude it from representing some Bureau personnel in this lawsuit. In such cases, however, the Department indicated that it may retain private counsel to represent the individual in question.

The Department has indicated that a continuing question is how an Agent or former Agent, who is a defendant in this case or who is scheduled to be deposed, can request outside representation. The Department agrees that it should not require the individual to waive any Fifth Amendment privilege. On the other hand, the Department must have sufficient information from the request to determine if a potential conflict exists and that the retention of private counsel is justified.

Mr. Joseph A. Sizoo

In balancing these concerns, the Department has indicated that the best course to follow is to require the Agent who desires outside counsel to show in his letter to the Attorney General something along the following lines:

(U.S.D.C., S.D. New York)
Civil Action No. 73 CIV 3160 (TPG)

Dear Mr. Attorney General:

My deposition has been noticed by plaintiffs in this lawsuit. By letter dated September 13, 1976, I was advised by Assistant Director John A. Mintz, Legal Counsel, FBI, that my name is being furnished to plaintiffs in connection with their request for the identities of FBI Agents whose names appear on New York Office documents revealing break-ins against Socialist Workers Party (SWP)/Young Socialist Alliance (YSA) from 1960 through 1966. During the period _____ to _____ I was assigned to FBI Headquarters. I retired from the FBI on _____.

I have been advised by the Legal Counsel of the FBI that the Government's interest in defending this action may not permit Departmental attorneys to assert defenses to which I would otherwise be entitled. Accordingly, in order to avoid the potential for conflict, I hereby request the Department to retain private counsel to represent me in my individual capacity for the purposes of this action.

Sincerely yours,

BY SSC STAFF MEMBERS

Set out below is information concerning an interview of former FBI Inspector Joseph A. Sizoo by SSC Staff Members. b6

On September 19, 1975, SSC Staff Member [redacted] advised the Legal Counsel Division of the FBI that the SSC Staff desired to interview former Inspector Sizoo concerning his knowledge of the FBI's investigations of Martin Luther King, Jr., Stanley David Levison, the Southern Christian Leadership Conference (SCLC), and communist influence in the racial movement. Subsequently, on the same day, SSC Staff Member [redacted] supplemented [redacted] advice by stating that it was desired the interview also include the following subject matters: scope of domestic intelligence investigations; Security Index and other FBI indices; COINTELPRO related to domestic investigative matters; handling of informants; and dissemination of information in the domestic intelligence field.

Prior to the interview of Sizoo, he was advised by the Legal Counsel Division that he had a right to counsel during the interview but that the FBI could not provide him with private counsel. He was advised that he had been released from his employment agreement relating to confidentiality for the purpose of answering questions in the areas delineated by [redacted] and [redacted] as set forth above. There follows a statement voluntarily furnished by Sizoo concerning the interview of him. b6

Re: Interview of Former FBI Inspector Joseph A. Sizoo
by SSC Staff Members

b6

On September 23, 1975, at 9:00 a.m., I was interviewed first by [] and [] of the Senate Select Committee, having been cleared by the Bureau to discuss with them pertinent matters concerning the communist infiltration of the SCLC, the Bureau's investigation of Martin Luther King, Jr., and matters directly relating thereto. Subsequent to the interview by [] and [] I was interviewed by [] and [] concerning matters previously cleared with the Bureau as to investigative procedures of the Domestic Intelligence Division (DID), the Security Index and related indices, the Counterintelligence Program, and the dissemination of information. The interview was concluded at 12:15 p.m. and took place in one of the Committee's interview rooms in the former Carroll Arms Hotel. At the outset of the first interview, I was furnished and signed an "ADVICE OF RIGHTS" statement which was retained by []

[] began his interview by asking questions concerning my Bureau assignments and tenure of service as an official of the DID. These matters I answered fully.

b6

[] asked me to furnish, and I did so, the organizational setup of the DID from the time that I last joined the DID in 1955 to the time I retired. Among the things covered in my response were the following.

b6

I identified by name the various Assistant Directors and Branch Chiefs from 1955 onward. The Assistant Directors were Alan Belmont, William C. Sullivan, Charles D. Brennan and Edward Miller. The Branch Chiefs, in addition to myself, were Carl Hennrich and Donald E. Moore. I furnished the approximate periods of time the various Assistant Directors served as such in the DID. I also furnished, at [] specific request, the last previous assignment for each of the

Assistant Directors except Mr. Belmont. They were as follows: b6
Sullivan-Section Chief in DID; Brennan-Section Chief in DID;
and Miller-Number One Man, Inspection Division. It appeared
to me quite apparent that much of the information I was furnish-
ing was already in [] possession.

I was also asked, and did roughly diagram for b6
[] the physical layout of the front offices of the
DID, showing the placement of the Assistant Directors, Branch
Chiefs and their secretaries. This covered space in the
Justice Building; and leased space at 1730 K Street, Northwest,
and at 9th and D Streets, Northwest.

He then asked a series of questions concerning the b6
Bureau's investigation of the communist infiltration of the SCLC
and the basis for such investigation. It was pointed out that
allegations had been received in the Bureau from time to time
concerning communist infiltration into the SCLC and the purpose
of the Bureau's investigation was to determine whether or not
such infiltration was a fact. [] then made reference to
Hunter Pitts O'Dell and asked if his presence as a staff officer
of SCLC had been instrumental in the initiation of the investiga-
tion. I told him that I did not recall the details but it might
well be that O'Dell's presence on the SCLC Staff was one of the
reasons for the investigation.

He asked if the alleged relationship between
Martin Luther King, Jr., and a man named Levison (Stanley David
Levison) was a contributing factor to the initiation of the
investigation by the Bureau. I told him that this also might
well have been the case. He then asked if our investigation was
to determine the association of King and other SCLC officials
with communists or to determine whether or not such communists
did, in fact, exert influence over SCLC officials. I told him
that it would seem logical for our investigation to address

U. S. Senate Select Committee
to Study Governmental Operations
With Respect to Intelligence Activities (SSC)

Re: Interview of Former FBI Inspector Joseph A. Sizoo
by SSC Staff Members

itself to both aspects of the association between King and members of the Communist Party. He asked if the Bureau did, in fact, assume the presence of communist influence if there was an association between SCLC officials and members of the Communist Party. I told him that such an assumption would not be made but that our investigation would be addressed to determine the presence and extent of communist influence over SCLC leaders. b6

[] then made reference to Levison and said that from his review of information made available to him it appeared to him that Levison was a critical figure in the investigation of King and asked if I could elaborate on the activities of Levison and his communist influence. I told him that I could not. He then pressed for additional information concerning Levison and asked why I could not furnish more specific information concerning Levison's significance as a communist. I told him that I could not provide any additional information because it might well adversely affect confidential sources.

[] then called my attention to a memorandum written in 1964, a copy of which he had, concerning a conference attended by certain field representatives from Atlanta in which methods of handling our investigation of SCLC and King were a subject of discussion. In one paragraph, reference was made to the need for the development of personal information concerning King for possible counterintelligence use. He said this appeared to constitute a change of direction in our investigation and he asked if I could elaborate on the reasons for this change. I told him I could not, and pointed out that this did not necessarily constitute a change in direction of the investigation, that our investigation always was to determine the extent of communist influence around King. b6

U. S. Senate Select Committee
to Study Governmental Operations
With Respect to Intelligence Activities (SSC)

Re: Interview of Former FBI Inspector Joseph A. Sizoo
by SSC Staff Members

[] also called my attention to a 1963 SAC Letter instructing that intensified efforts be made by the field to develop the maximum possible information concerning Communist Party efforts to infiltrate and influence other organizations, and asked if this did not indicate a change in direction of the investigation of communist infiltration of organizations because he said he read into that SAC Letter that it was desired that the field develop information for possible counterintelligence use. I called his attention to the fact that the Letter speaks for itself and did not contain language which would support his assumptions.

[] also noted that the Bureau had used microphone coverage on King from time to time. He showed me a memorandum which related to a telephone call I had received from New York requesting authority for New York to place microphone coverage on King. With reference to microphone coverage, he asked if our coverage was placed for the purpose of developing personal misconduct as to King as well as information concerning communist influence and I told him that as the particular memorandum reflects it was to determine the nature of the communist influence around King. He then asked if I had the authority to approve such microphone installation at that time. I pointed out that as the memorandum in question reflects time was of the essence, I had approved New York's going ahead with it and did send the instant memorandum through for final approval and it was, in fact, approved by Mr. Hoover.

[] also made reference to the handling of Klan and racial matters, noting that the memorandum referred to above had been checked for Mr. Rosen, and asked if the General Investigative Division at that time was handling racial matters. I told him that as I recalled this was true as of that time.

Re: Interview of Former FBI Inspector Joseph A. Sizoo
by SSC Staff Members

He then asked how it happened that the racial and Klan matters were transferred to the DID, indicating that he had noted that DID had more recently supervised these matters. I told him that as I recalled, Mr. Sullivan had recommended in a memorandum that these matters be transferred to DID on the basis that they were of an intelligence-type investigation and he considered it more logical that they be supervised in DID.

b6

After the above interview conducted by [redacted] and [redacted] and [redacted] were called and came into the room to conduct their portion of this interview. [redacted] began the interview by asking a series of questions regarding the origin of the Security Index. She indicated considerable knowledge of the general period when the Security Index was developed and asked if I had any knowledge why the Security Index was considered necessary. I told her that I did not have detailed knowledge because I was not in the Division at that time. However, I understood that the creation of the Index had been the subject of discussion between Bureau officials and Departmental officials and it was the feeling that a more efficient and effective list of persons dangerous to the security of the country should be developed than was available at the beginning of World War II.

b6

I was asked by [redacted] who could approve additions and deletions to the Security Index. In response, I first pointed out to [redacted] that he appeared to have in his possession a folder containing detailed instructions within the FBI concerning the Security Index and that such information was likely already in his possession. Nonetheless, I did advise him my recollection was that approvals went up through the Assistant Director of DID whereas deletions did not go quite that high in endorsement. I also pointed out that, as in all other matters relating to the Security Index, approval of the Department of Justice was required. Again, it appeared apparent to me that the Committee already had in its possession the answers to the questions being asked of me in this area.

U. S. Senate Select Committee

With Respect to Intelligence Activities (SSC)

Re: Interview of Former FBI Inspector Joseph A. Sizoo
by SSC Staff Members

[] then asked what the distinction was between the Security Index and the Key Activist Index. I told her that as I recalled, the Key Activist Index was made up of top leadership members of subversive organizations who were included in the Security Index but were designated Key Activists for administrative reasons primarily within the Bureau. [] also asked about the Agitator Index and why it was created. I pointed out that they appeared to have copies of all pertinent memoranda concerning this and other matters referred to and that the memoranda would certainly speak for themselves.

At this point [] took over the interview and repeated the questions asked by [] concerning the transfer of racial and Klan matters to Division 5 (DID) and I gave him in essence the same answer.

[] then asked when the Bureau began investigations of the groups opposing the Vietnam War and I told him I had no independent recollection concerning such investigations. He also asked if I had any recollection as to the instructions that went to the field to open investigations concerning new groups in the general racial field and I told him that I did not recall such instructions. [] then showed me a 1970 Executive Conference memorandum written by C. D. Brennan concerning the opening of individual active investigations on members of antiwar and related groups, it being noted in an SAC Letter that we had previously not investigated all members of such groups. He asked why the Bureau had decided to institute investigation of individual members of such groups, and I told him I had no independent recollection of why this was done.

Re: Interview of Former FBI Inspector Joseph A. Sizoo
by SSC Staff Members

b6

[] then asked a series of questions concerning the break with Central Intelligence Agency (CIA) and the discontinuance of liaison with other agencies. He asked how liaison was handled with CIA after the break and I told him it was done by letter or telephone by the individual Section Chiefs or DID Front Office officials. He then asked if liaison with other agencies, noting that the discontinuance of liaison with other agencies followed shortly after the break with CIA, was handled in the same way. I told him this was the case. He then asked if the Bureau did not suffer as a result of the discontinuance of liaison with CIA and other agencies. I told him that the Bureau officials and supervisors did the best they could to fulfill any liaison needs with other agencies but it was quite obvious from the fact that liaison was reinstituted some years later and is in effect today that more effective liaison can be maintained by a separate section.

b6

[] then asked if I could tell him what the "mass media program" was, as he noted on some copies of mail that copies were designated for Mr. Bishop with the further notation "mass media program." I told him I did not recall that he had requested Bureau clearance for me to discuss such a program whereupon he withdrew the question. He then said there were a couple of other matters he would like to discuss with me if I felt free to do so and for which he had not yet obtained clearance. He said they were "surreptitious entries" and "mail openings." I told him that since his request for clearance had not covered such matters, I would not discuss such matters. He then asked if I would be willing to discuss such matters with him if he obtained clearance and I told him I would not. [] also said that he had not obtained clearance, but if I would do so, he would like to ask a series of questions concerning the "Huston Matter" and also some questions concerning the technical surveillances that the Bureau apparently had in effect at the request of Mr. Kissinger's office at the White House. I told him that I had no clearance to discuss such matters.

Re: Interview of Former FBI Inspector Joseph A. Sizoo
by SSO Staff Members.

b6

[] last questions related to the Counter-intelligence Program in which he asked for my recollection of the reasons for the approval of the Program and when and why it was discontinued. I told him I had no independent recollection with reference to specifically why the Program was created or why it was discontinued.

NOTE:

b6

Information from [] and [] was accepted by Supervisor [] of the Legal Counsel Division and [] briefed Sizoo before the interview (see Legal Counsel to Mr. J. B. Adams memorandum; 9/22/75, "Senstudy 75"). After the interview, Sizoo dictated his statement to a Bureau stenographer and supplemented it with information he telephonically furnished on 9/25/75 to Supervisor S. F. Phillips of the Senstudy Project.

On 9-19-75, [] staff member of Senate Select Committee requested that former SA Joseph A. Sizoo be released from existing employment agreement for interview concerning his knowledge of the Bureau's investigation of Martin Luther King, Jr., Southern Christian Leadership Conference, Stanley David Levison and Communist Influence in the Racial Movement.

b6

b6

SA Sizoo telephonically contacted Legal Counsel Division on 9-18-75, and advised he had been contacted by Senate Select Committee and requested to be available for interview on Tuesday, 9-23-75. Sizoo indicated he would arrive in Washington, D. C. on 9-21 or 9-22-75, and would contact Legal Counsel Division upon arrival.

RECOMMENDATION:

1. That existing employment agreement applicable to former SA Sizoo be waived for purpose of this interview.

INSTRUCTIONS TO EMPLOYING AGENCY

COMPLETION OF CERTIFICATION

1. This Certification must be completed in triplicate whenever an employee's insurance terminates for:
 - a. Death.
 - b. Retirement on an immediate annuity with 12 or more years' creditable service, of which at least 5 years are civilian service, or on account of disability. (An immediate annuity is one which begins to accrue not later than 1 month after the date the insurance would normally cease.) In a disability retirement case, do not complete SF 56 until a finding of disability has been officially made and the employee's separation is in order.
 - c. Completion of 12 months in a non-pay status or separation, and the employee is receiving benefits under the Federal Employees' Compensation law, and held unable to return to duty.
 - d. Any other reason, if the employee desires to convert his life insurance, except under the following circumstances:
 - (1) Employee waived or declined on SF 176 (or SF 176-T);
 - (2) If it is known that, within 3 calendar days after the date the insurance terminated, the employee will return to Government service in the same or another position in which he will be eligible to reacquire Federal Employees Group Life Insurance;
 - (3) More than 75 days have elapsed from the date insurance terminated unless specific request is made therefor by the Civil Service Commission or the Office of Federal Employees' Group Life Insurance.
2. If insurance terminated on account of death, indicate in item 3(a) whether the employee had filed an Application for Retirement (SF 2801) with the Civil Service Commission.
3. In item 8, give date of Notice of Conversion Privilege (SF 55), except that if this form (SF 56) is issued in lieu of SF 55, give current date. In case of death, leave this item blank.
4. It is important whenever a duplicate SF 56 is issued to replace one which has been lost, that it be clearly marked "DUPLICATE".

DISPOSITION OF CERTIFICATION

1. Death of employee—
 - a. Send duplicate of SF 56 immediately to the Office of Federal Employees' Group Life Insurance.
 - b. Keep the original (preferably in the Official Personnel Folder or its equivalent) for attachment to a claim for death benefits (Form FE-6) when received.
 - c. If no claim is received, send original SF 56, upon request, to the Office of Federal Employees' Group Life Insurance.
 - d. If the deceased employee has a current Designation of Beneficiary (SF 54) on file, the SF 54 must be attached to the original SF 56 when it is sent to the Office of Federal Employees' Group Life Insurance.
2. Retirement of employee—
 - a. If the employee is applying for an immediate annuity with 12 or more years' creditable service (of which at least 5 years are civilian service) or for disability, attach the original SF 56 and current Designation of Beneficiary (SF 54), if any, to the Application for Retirement and give duplicate of SF 56 to the employee. [NOTE: In a disability retirement case where the retirement application has already been sent to the Civil Service Commission, attach the original SF 56 (and SF 54, if any) to the "FINAL" Individual Retirement Record (SF 2806).]
 - b. If the employee wants to continue only his regular insurance, have him complete a SF 176 declining his optional insurance. If he wants to convert only his optional insurance, prepare a statement (see below), in duplicate, for him to sign; attach both copies of the statement to the original SF 56, and submit with application for retirement as instructed in 2a above.

Illustrative Statement

"I want to continue my regular insurance after retirement but would like additional information on converting my optional insurance."

(Employee's signature)

(Address—print or type)

(Date)

- c. If the employee prefers to convert both his regular and optional insurance to an individual policy, give him the original and duplicate copy of the SF 56. Retain SF 54, if any.
3. If employee is receiving compensation benefits—
 - a. Before completing item 7, contact the local Bureau of Employees' Compensation Office, if necessary, to confirm whether the employee still has optional insurance.
 - b. Have the employee complete appropriate box on reverse side of the original SF 56. Send original SF 56 and current Designation of Beneficiary (SF 54), if any, to the U. S. CIVIL SERVICE COMMISSION, BUREAU OF RETIREMENT AND INSURANCE, WASHINGTON, D. C., 20415, and give duplicate copy of SF 56 to the employee.
 - c. If the employee prefers to convert his group insurance to an individual policy, give him the original and duplicate copy of the SF 56. Retain SF 54, if any.
4. All other cases—

Upon request, give the employee the original and duplicate copy of the SF 56 or mail them to him.
5. In all cases—

Retain file copy of the SF 56 in the employee's Official Personnel Folder or its equivalent.

PROMPT CERTIFICATION REQUIRED

The time in which an employee may convert his group life insurance to an individual policy is limited. This SF 56 must be completed and delivered or mailed to him promptly.

Dear Joe:

This is in reference to our telephone conversation of August 17, 1982, regarding [redacted] who is the son of John Brennan and a current candidate for appointment as a Special Agent with the Bureau.

I have checked into the status of [redacted] case and find that he is competing within our Modified Program, which is our largest selection category and, therefore, our most competitive one. He has been tested and interviewed once and his combined scores from the tests and interview are, in fact, quite good. Because we presently have so many exceptionally well-qualified candidates in the Modified Program, however, [redacted] current ranking is such that I do not believe he has much chance of being selected for further processing. I do note that his interview score was particularly high and would suggest, therefore, that he consider availing himself of the opportunity to retest in an effort to raise his total score and become more competitive within his selection program. A letter explaining the various options relative to retests and reinterviews was recently sent to him, as it was to all the applicants currently in the selection system.

During our conversation, you inquired about the possibility of giving preferential consideration to the sons and daughters of former Agents. As you may be aware, over the last several years we have implemented an entirely new Special Agent Selection System which is quite structured. Applicants compete within one or more selection programs dependent upon their particular fields of expertise. Within each program, candidates are ranked on the basis of their test scores and, consistent with our existing needs, those with the highest rankings are chosen to advance to the next stage of the processing, which is the interview. After the interview, applicants are again ranked based on the combination of their test and interview scores. Selections for background investigations are made from the most highly

ranked individuals in each selection category. This system was designed in an effort to insure that at each phase of the processing, those applicants whose scores indicate they have the best potential for developing into successful Agents are selected for further consideration. With more than 2200 applicants in the system who have achieved minimum qualifying scores in both tests and interview and are, therefore, in contention for a limited number of openings, we believe our present system is fair, enables us to hire those applicants best suited for our needs, and would be defensible, if challenged legally.

Director Webster has approved one exception to the foregoing, and this involves children of Special Agents who were killed in the line of duty. Such applicants must meet the basic threshold qualifications for the Agent position such as age, education and experience, and, if applying as either a linguist or accountant, must also pass the necessary proficiency examinations. Once these requirements have been met, however, such applicants are exempt from the competitive aspects of the selection system. They must be carefully screened by the Special Agent in Charge or the Assistant Special Agent in Charge of the office through which they are applying but, if this results in a favorable recommendation, processing will continue, with the results eventually being forwarded to the Director for his sole appointive decision. If an appointment is offered, the individual must, of course, successfully complete New Agents' Training School just as any other applicant. In addition to this preferential treatment given to children of certain deceased Agents, we also attempt to give surviving spouses of our employees aid and preference in obtaining jobs with the Bureau.

67-
Although we certainly recognize that many qualified children of former Special Agents are now competing in the selection system, I do not think it advisable to provide preferential treatment beyond that which was mentioned above. To do so would, in effect, allow these applicants to bypass a well-structured, defensible, and fair selection system.

Joe, I hope this information is of value to you, and please don't hesitate to call me if I can be of further assistance.

Sincerely,

Lee Colwell

Dear Joe:

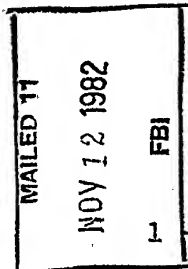

It was a pleasure seeing you and Dorothy at the Convention in Las Vegas. You topped off a very successful year as President of the Society with an affair better than any I have ever attended in the past, and I want to compliment you on the outstanding job you did organizing it.

Through my contacts with former Agents and in talking with many at the Convention, I believe there is a closer relationship between the Bureau and the Society than has ever existed in the past, and I know you contributed a great deal to this. I have enjoyed working with you and look forward to our continued association in the future.

Warmest personal regards to you and Dorothy,

Sincerely,

Lee Colwell
